WEATHER COMMENT: Tue Apr 30 17:00:20 GMT 2002

Cool, in heavy altostratus overcast, light drizzle, light southeast breeze.

Same weather yesterday according to web images, no staff here.

GONG COMMENT: Tue Apr 30 17:04:56 GMT 2002

Performed GONG PM before coming up to our site due to overcast weather.

I did not clean turret window, light drizzle would defeat the effort. Will

clean turret window later today or whenever the weather dries out.

PICS PROBLEM: Tue Apr 30 17:33:45 GMT 2002

Replaced 3 broken card guides that fell out of PICS status indicator modules
rack with new guides supplied by Ron.
