GONG COMMENT: Tue Jun 25 20:44:30 GMT 2002
Kids hadn't shown up yet so I went down to GONG to reboot the data, instrument,
and workstation computers as requested and completed the PM.
System went down again, same ol' gongStat problem, after the PM was
finished.

Noticed the vans coming up the road so I hurried back up here. I'll tend
to the crash later.
