PSPT PROBLEM: Wed Mar 3 18:16:25 GMT 2004

Shutter s/n 3912 is intermittent. Replaced with shutter s/n 4687 just received on 2/24/04 from Vincent Associates after they replaced the guts of the last failure. Decided to use the most recent one rather than the earlier repair so that there is a better chance that the warranty will be in effect when this one fails. In the past, the warranty had been lapsing while the repaired shutters sit on our spares shelf.

WEATHER COMMENT: Wed Mar 3 18:20:57 GMT 2004
