Getting some light rain now.
WEATHER COMMENT: Wed May 12 00:27:10 GMT 2004
Still raining lightly.
COMMENT: Wed May 12 00:28:33 GMT 2004
Will leave early and Fedex the old PSPT CaK filter, 2 new narrowband CaK
filters, the UG5 and IR test filters, and the spare CHIP prefilter to
Davis Elmore as requested.
PSPT COMMENT: Wed May 12 00:30:19 GMT 2004
I have removed the 2 narrowband CaK filters and replaced them with the old
plugged filter holders, no light can get through them.  Alice has modified
the program to take images only through the remaining Red, Blue, and Sacpeak
CaK filters, 3 total.  Will ship narrowband filters and old CaK filter in
their holders back to David and Kim for some experiments related to solving
the ghost image problems.
