**MLSO PROBLEM**: Wed Jun 16 00:37:58 GMT 2004
A board in the boardwalk was very loose and caused bad footing near the main
door at the MLSO end of the last E-W running section.  I flipped it and
added better foundation then re-anchored it to the section.  Also fixed a few
more boards that were loose.
WEATHER COMMENT: Wed Jun 16 00:40:42 GMT 2004
Very thick clouds domes are closed.
