PSPT COMMENT: Wed Aug 3 17:07:35 GMT 2005

Observing. There was no tape in the pspt exabyte drive when I arrived today.

There was a tape in the kenobi drive so perhaps the tape was not moved to pspt yesterday. I inserted the tape from kenobi in pspt and waited a while to see if tape writes would occur but they did not so I started up observation on pspt.

I will leave the tape in pspt today so there will be no ntpspt entry in the log.
