
Mauna Loa Solar Observatory Observer's Log

Tue Feb 5 17:14:14 GMT 2008

Year: 08 Doy: 036

Observer: koon

WEATHER COMMENT: Tue Feb 5 17:14:12 GMT 2008

Thick clouds, some fog, wind=5 mph from the South, temp=38F.

____end____

COMMENT: Tue Feb 5 22:04:40 GMT 2008

Couldn't find a way to get UNIX machines to print to network printer, but we can print logs from email on PC, or better yet we can stop printing logs.

____end____

WEATHER COMMENT: Tue Feb 5 22:05:48 GMT 2008

Still very cloudy and foggy.
