
Mauna Loa Solar Observatory Observer's Log

Tue Nov 4 17:18:33 GMT 2008

Year: 08 Doy: 309

Observer: koon

WEATHER COMMENT: Tue Nov 4 17:18:35 GMT 2008

Thick altocumulus overcast, wind=5mph from the SE, temp=42F.

____end____

COMMENT: Tue Nov 4 17:19:07 GMT 2008

No obs until clouds thin out.

____end____

COMMENT: Tue Nov 4 21:36:35 GMT 2008

Gave tour to Oceanographer, referred by NOAA Darryl.

____end____

WEATHER COMMENT: Tue Nov 4 21:41:51 GMT 2008

Still totally overcast with thick clouds.

____end____

PSPT COMMENT: Wed Nov 5 00:10:47 GMT 2008

Installed 2 more washers for tilt on the ND filter for the new filter at position -200, washers are smaller than others in stack, that is all that 1/2" long 2-56 pan head screw can hold. I'll look for some 5/8" or 3/4" screws in Hilo today. Will also need to enlarge the "thru holes" for the 2 shorter screws in the ND filter mount to allow for more tilt of the mount before using a longer screw for more tilt.
