MLSO PROBLEM: Sat Nov 21 17:55:42 GMT 2009

Kaiee seems to have crashed during the night. I rebooted it and it seems OK.

GONG COMMENT: Sat Nov 21 23:08:27 GMT 2009

Checked out the clean air pump as requested. The pressure seemed Ok, but it was making some amount of noise so I opened it up and looked at the diaphragm. There were some cracks in the diaphragm so I decided to replace it. Pressure is good and it makes a little less noise with the new part.

____end____

WEATHER COMMENT: Sun Nov 22 00:13:22 GMT 2009

Dense overcast has cleared, scattered thin/moderate cirrus remains. Domes open, starting instruments.
