CoMP COMMENT BY BEN: Mon Oct 18 23:44:33 GMT 2010

Added the "pause" feature to the CoMP observing script. Now Run Cookbook starts from the current recipe instead of always starting at 0. This should make it possible to pause observing to adjust the spar or instrument without losing everything.

NOTE: The old code is backed up in "Comp backup 101810.zip" in the normal comp folder.
