COMP COMMENT BY berkey: Wed Apr 9 18:11:40 GMT 2014

Testing the copy to mlsoserver script on new comp computer. During this test I did multiple copies of a folder named 20185555 with test.txt and test.fts inside. The data is jibberish, but it may show up in LDM and the rest of the pipeline, if it does plsease either ignore or delete it.

GENERAL OBSERVATORY COMMENT BY berkey: Wed Apr 9 19:26:06 GMT 2014

Looks like meadowlark controller #2's USB cable was not plugged in this morning, so this mornigns CoMP data may be missing half of its modulation.

CoMP COMMENT BY berkey: Thu Apr 10 02:48:59 GMT 2014

CoMP meadowlark controllers are still not talking with labview. This morning we were able to get windows drivers tomorrow. Hopefully tomorrow we can get new LabView drivers.
