**\*\*GENERAL PROBLEM COMMENT BY stueben\*\*** : Tue Jun 10 19:59:29 GMT 2014

Mlsoserver was down when I arrived today, with Ron's help it is now running. It is currently running the disk checks which take 3+ hours to complete and make its reponse very slow.

GENERAL OBSERVATORY COMMENT BY stueben: Tue Jun 10 20:03:25 GMT 2014

Instruments have been running since about 1830UT but since I have just started the log for today instrument log entries before 2000UT are not in the log.
