KCOR COMMENT BY berkey: Fri May 29 17:31:20 GMT 2015

For a test the big (winter) occulter has been painting flat and is now installed in KCOR to see if some of the optical issues we see in the data are related to reflections on the side of the occulter.

1018.9" installed. 991.6" Removed.

GENERAL COMMENT BY berkey: Sat May 30 01:54:06 GMT 2015

The Atlas project has a crane up today to move some things in and out of a building. Not sure how they chose a contractor but they hired Hilton Cranes.
