GENERAL COMMENT BY stueben: Thu Sep 01 20:00:51 GMT 2016

Comp camera had warmed up and its power had automatically shut off, refilled LN2 and turned on camera. Kcor UPS had shut itself off, cycled power to it and restarted kcor. All else seems OK, ready for observation when the sky clears.

WEATHER COMMENT: stueben: Thu Sep 01 20:25:20 GMT 2016

A little too much cirrus to see corona, instruments idled.

Thu Sep 01 22:29:00 GMT 2016 KCOR End Patrol

WEATHER COMMENT: stueben: Fri Sep 02 01:22:44 GMT 2016

Most of the denser clouds are gone but srill in cirrus.
