GONG COMMENT BY waters: Sun Sep 4 20:21:50 GMT 2016

The packages were for GONG. I have brought them down to the shelter; one is the new PDU and the other has all sorts of cool stuff in them. I might go down and label the old PDU cables and the new PDU.

GONG COMMENT BY waters: Sun Sep 4 22:33:46 GMT 2016

Went down to the GONG shelter and wrote down/labeled the cables in the old PDU. Wrote down the information for the new PDU and the labels that are on it. The new PDU is back in its box and currently on the floor in front of the table, as it's too long to sit on it.
