CoMP COMMENT BY berkey: Mon Dec 26 16:53:04 GMT 2016

Cropico powered down and unplugged. At some point over the next month it will be shipped back to Boulder for UCoMP engine ering. L0 LCVR voltages/temps will no longer be updated. (Until UCoMP deployment.)

COMP COMMENT BY berkey: Tue Dec 27 00:42:25 GMT 2016

Added new default values to the Cropico code such that when the Cropico is off a set of default values of -1 are sent to the L0 header.

Changes checked in.

20161226.143907.fts and 20161226.143928.fts demonstrate this change.
