WEATHER COMMENT: stueben: Sat Jul 01 19:19:48 GMT 2017

Fog has cleared but very thin cirrus makes the sky too bright to run instruments at present.

GENERAL COMMENT BY stueben: Sun Jul 02 01:27:23 GMT 2017

Not a good observing day, foggy at startup and when the fog cleared the sky was too bright to run the instruments. I did run a comp for a while after 1PM but the data looked marginal at best.
