Year: 17 Doy: 265

Observer: waters

WEATHER COMMENT: waters: Fri Sep 22 16:41:09 GMT 2017

Temp 39F with windspeed at about 3-8 mph from the Southwest. Cirrus currently covering the Suns' morning path, hopefully it will clear up soon. Board walk was a bit icy towards the parking lot and our porch.

GONG COMMENT BY waters: Fri Sep 22 20:46:34 GMT 2017

Went down to the GONG shelter and did the Cal Wheel 1 Servor driver DC offset adjustment. Also checked the Cal Wheel 2 Servor driver dc offset. Both were within range, so there might be something else wrong.

GENERAL COMMENT BY waters: Fri Sep 22 21:44:54 GMT 2017

Looks like some low clouds are coming in, closing the dome just in case.
