Tue Nov 28 00:55:19 GMT 2017 Kcor Focus/alignment program exited

KCOR COMMENT BY berkey: Tue Nov 28 01:40:51 GMT 2017

Put a home made prox flag on the negative limit of the O1 motion.

A hard limit was also installed 2mm past this prox flag limit.

Hopefully this safely prevents the O1 from slipping off the encoder again.
