GENERAL COMMENT BY stueben: Fri Jun 01 00:24:43 GMT 2018

Drive #8 in Kodiak seems to have failed this morning. It is currently rebuilding on the hot spare (#11).

GENERAL COMMENT BY stueben: Fri Jun 01 00:59:11 GMT 2018

Kodiak has finished rebuilding and seems back to normal operation. It did however start beeping again when it finished - I don't know how to turn off the beep.

GENERAL COMMENT BY stueben: Fri Jun 01 01:09:22 GMT 2018

Cloudy almost all day - There was a brief clear window about 11:45, but only a few good images were taken before clouds closed in again.
