KCOR COMMENT BY waters: Wed Nov 21 17:04:20 GMT 2018

K-Cor computer was rebooting when I came in this morning. However, the MC4U GUI wasn't updating and responding, even after closing and reopening. Did another computer restart. Seems to be working again.

GENERAL OBSERVATORY COMMENT BY waters: Thu Nov 22 02:24:36 GMT 2018

Except for a few wayward cirrus, was able to take data most of the day. Aerosols got a bit high in the afternoon and it got a bit brighter but not bad.
