GONG COMMENT BY waters: Wed Aug 28 19:37:12 GMT 2019

Went down to the GONG shelter to install the new fans. The one by the door was just swapped out as the mount to the wall was the same. Old fan is in the GONG shed with the spare mounting plate taped to it. The other fan was installed in the Southeast corner of the shelter, just past the rotator and is pointed towards the blue instrument chasis. Hope it helps.
