WEATHER COMMENT: berkey: Tue Dec 29 17:49:00 GMT 2020

Temp: 38.6f, Humidity: 32%, Pressure: 28.884in, Wind: 13mph from 152degs, Skies: patchy cirrus with some vogy haze

\_\_\_end\_\_\_

GENERAL COMMENT BY berkey: Tue Dec 29 17:50:21 GMT 2020

We had a power outage last night, looks like this occurred due to a dropped ground line between pole 143 and 144. Things look to be back up now, but I expect we will see more issues when the linemen get up the mountain to fix the downed line.
