# INDIVIDUAL RECORDS

Official NCAA women's basketball records began with the 1981-82 season and are based on information submitted to the NCAA statistics service by institutions participating in the weekly statistics rankings. Official career records include players who played at least three seasons (in a four-season career) or two (in a three-season career) in Division I during the era of official NCAA statistics. Assists were added in 1985-86, and three-point field goals, blocked shots and steals were added in 1987-88. Scoring, rebounding, assists, blocked shots and steals are ranked on total number and on per-game average; shooting, on percentage. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

The 2021 season was abbreviated for many teams due to the COVID-19 pandemic. The minimum number of games for record book inclusion was 13, the minimum required for NCAA championship consideration.

## TEAM RECORDS

Official NCAA women's basketball records began with the 1981-82 season and are based on information submitted to the NCAA statistics service by institutions participating in the weekly statistics rankings. Assists were added in 1985-86, and three-point field goals, blocked shots and steals were added in 1987-88. Scoring, rebounding, assists, blocked shots and steals are ranked on total number and on per-game average; shooting, on percentage. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

## FINAL POST-TOURNAMENT POLLS

Beginning with the 1985-86 season, the USA Today/ESPN poll has selected its Top 25 teams after the NCAA championship game.

USA Today's voting panel consists of 40 coaches representing a geographical mix of the nation and representing each of the nine Women's Basketball Coaches Association's districts.

In 1993, USA Today joined with Cable News Network (CNN) to compile the poll. In 1998, ESPN replaced CNN as USA Today's partner in compiling the poll. The NCAA Statistics Department thanks Sam Hovland for extensive research of the polls before 1992-93.
