ORIENTATION

This Online Orientation is designed specifically for the first-time freshman or transfer student. Our goal is to provide information to ease the transition into college life and introduce the college's goals, mission, policies, admission requirements, and programs of study.

The Division of Student Engagement and a committee made up of a select group of matriculating sophomore college students and faculty and staff representatives assist the entering Freshman and Transfer students in becoming acquainted with institutional administrators, faculty, staff, and campus programs and services. Orientation materials are provided to all entering freshmen. Entrance examinations, campus tours, social events, fees, lecture-discussion meetings, and registration, are some of the activities conducted during the period. Contents of the college's catalog and Student Handbook are also presented during the Summer Orientation.

An orientation class is conducted for one semester as a part of the regular college curriculum. College rules, regulations, and policies are reviewed along with other activities designed to help freshmen adjust to college. Student handbooks and college catalogs are distributed and reviewed.

Note: An on-campus orientation containing paralleled material can be attended by potential students (onsite and offsite) of Coahoma Community College during the summer under the auspice of the Division of Student Engagement. This link is designed for the specific purpose of providing material to interested potential students that could not attend the on- campus orientation activities.

COAHOMA COMMUNITY COLLEGE

History of the College

Coahoma County Agricultural High School was established in 1924 becoming the first agricultural high school in Mississippi for Negroes under the existing "separate but equal" doctrine. The junior college curriculum was added in 1949, and the name of the institution was changed to Coahoma Junior College and Agricultural High School.

During the first two years (1949-1950), the junior college program was conducted by one full-time college director/teacher and a sufficient number of part-time teachers from the high school division. A full-time dean and college faculty were employed in the third year of operation. During the first year of operation (1949), Coahoma Junior College was supported entirely by county funds. In 1950, Coahoma Junior College became the first educational institution for Negroes to be included in Mississippi's system of public junior colleges and to be eligible to share in funds appropriated by the Mississippi Legislature for the support of public junior colleges. Other counties also began to support the junior college, including Bolivar, Quitman and Sunflower.

In 1965, Coahoma Junior College opened its doors to all students regardless of race, color, sex, national origin, or disability.

During its history, Coahoma Community College and Agricultural High School has been headed by eight superintendents and four presidents: M. L. Strange, 1924-25; J. M. Mosley, 1924-29; J. W. Addison, 1929-37; J. B. Wright, 1937-45; B. F. McLaurin, 1945-66; J. E. Miller, 1966-79; McKinley C. Martin, 1980-92; and the incumbent Vivian M. Presley, 1992 to June 2013. With her appointment as superintendent/president on January 6, 1992, Dr. Vivian Presley became the first female to head Coahoma Community College and Agricultural High School and the first woman to head a community/junior college in the state of Mississippi. Dr. Valmadge Towner was named Coahoma Community College's fifth president to join an esteemed group of college leaders, July 2013.

With the approval of the Board of Trustees of Coahoma Junior College and the State Board for Community and Junior Colleges, Coahoma Junior College's name was changed to Coahoma Community College, effective July 1, 1989.

In the spring of 1995, after many years of not having an official district, a bill was introduced to and passed by the Mississippi Legislature and signed by the Governor Kirk Fordice giving Coahoma Community College a district. Effective July 1, 1995, the Coahoma Community College district became Bolivar, Coahoma, Quitman, Tallahatchie, and Tunica Counties.

Student Engagement

When I speak with parents of first year Coahoma Community College students, and ask them what they believe a college education means, they inevitably tell me that it is a combination of academic challenge and personal growth. They go on to say that the out-of-the-classroom experiences are critically important in the development of a young adult, and they express to me their hopes that the Coahoma Community College family will provide an expansive extra- and co-curriculum for their sons and daughters.

The staff, who populates the Division of Student Engagement which includes Tutorial Services, Career Services, the Counseling Center, Health Services, Campus Safety, New Student Orientation, Housing, Intramural Sports and Student Activities, work closely with the Coahoma faculty to provide our students with a learning environment rich with opportunity. At Coahoma, we focus on the growth and development of all facets of the individual; in addition to academic challenges, we believe that meeting new people, joining clubs and organizations, competing on an intercollegiate team, working on a community service project, and discovering new interests are important components of one's collegiate education.

As a member of the Coahoma Community College family, our students can expect that:

Their presence is valued.

They will be encouraged to become full participants in the life of the Coahoma campus, and their active involvement will serve to increase their connections to the college community and enhance their fun.

Their lives will be enriched by the relationships that they form with their faculty members, their academic advisors, members of the staff, and their peers –
OUR STUDENTS COUNT AT CCC!

Similarly, by virtue of being the parent of a Coahoma Tiger you will become a member of the extended Tiger community and you will be important to us.

You will be invited to attend our summer New Student Orientation, which includes a Parents' Orientation program, and you will be encouraged to join us for football, basketball, baseball, track, softball, band and choir concerts as well as in October for the wonderful Homecoming Activities and again in Spring for our activities then. In short, you are always welcome!

I invite you to explore the links to the left of this page, where you will find the means of learning more about the various services and programs coordinated by those of us in the Student Engagement Division. I look forward to meeting you in the near future, and to welcoming you to our CCC Tiger Family.

Sincerely,

Karen Done,
Director of Student Engagement

Dean of Health Sciences

Greetings from the Division of Health Sciences!

Our programs are located at the Coahoma Community College Allied Health Training Center, 901 Ohio Street in Clarksdale, MS. We would love to talk to you about career options in health care. According to the US Department of Labor "Healthcare will generate 3.2 million new wage and salary jobs between 2008 and 2018, more than any other industry, largely in response to rapid growth in the elderly population. Ten of the twenty fastest growing occupations are related to healthcare. Many job openings should arise in all healthcare employment settings as a result of employment growth and the need to replace workers who retire or leave their jobs for other reasons."

If you have a good understanding of math, science, and English, enjoy working with people, and want to make a difference in their lives, a career in health care may be just right for you. We invite you to check out our programs of study on the CCC website and in the online college catalog or call for additional information.
