

Call for papers

AFÉPOP 2025 Conference

May 15-16, 2025 | Marseille (France)

The French Association of Population Economists (*Association Française des Économistes de la Population – AFÉPOP*) was founded in September 2023. Its objective is to federate and promote a dynamic French network of researchers in population economics.

Our 2nd annual conference will be held at Aix-Marseille School of Economics on May 15-16, 2025. **We welcome contributions from all fields of population economics:** gender, education, health, labour, demographics (childhood, marriage, fertility, ageing, retirement, mortality, migration), economic inequality, housing, household issues, discrimination, institutions, policy evaluation, and more. Papers presented in parallel sessions will also benefit from feedback from a discussant.

Keynote lecture

Cheti NICOLETTI, University of York

Key dates

- Submission: **until February 1, 2025**
- Decision to authors: **March 7, 2025**
- Registration: **until March 28, 2025**

Submission

To find more information on the conference (practical information, fees, etc.) and to submit your complete paper in English: <https://afepop2025.sciencesconf.org/>
Upon submission, you can indicate if you would like to benefit from childcare. Depending on demand, such services may be provided during the conference.
