

Fertilizer Registrant  
Mark Ashcroft, Manager  
Fertilizer Tonnage for Reporting Period November 1, 2022 to October 31, 2023

Attached you will find your annual tonnage reporting form for November 1, 2022 through October 31, 2023. Your tonnage report is due December 31, 2023

**There is a \$20.00 Minimum Annual Assessment.**

WHO PAYS TONNAGE:

"When more than one person is involved in the distribution of a fertilizer or soil amendment, the final person who has the fertilizer or soil amendment registered and distributed to a nonregistrant or consumer is responsible for reporting the tonnage and paying the tonnage fee, unless the report and payment is made by a prior distributor of the fertilizer or soil amendment."  
- Utah Fertilizer Act 4-13-103 (4)

METHOD OF TONNAGE REPORTING:

Please call our MAIN OFFICE at 801-982-2200 to make credit card payment by phone. If needed you can also mail in a check to: Utah Department of Agriculture and Food; Plant Industry Division 4315 South 2700 West TSOB South Building, Floor 2 Taylorsville, UT 84129-2128

Don't forget to provide your customer number so the payment can be attached to your company.

In 2021 we tried using a google form to report tonnage. We had many people speak of the difficulties that were created by doing so. Please know we are still in the midst of creating a new system to solve these problems. Until that time, we have decided to go back to the regular tonnage reporting forms. Please use the tonnage form below to report your annual tonnage, and then EMAIL it to the email address listed below for questions.

DO's AND DON'TS

In the last few years we have had many companies create their own tonnage form and submit them for their reporting. Please **DO NOT** do this. Our forms are laid out a specific way for our reporting purposes, and we don't have the time to interpret hundreds of personalized forms. These personalized forms will no longer be accepted, and will be returned with expectation of the correct form being submitted.
