RE: DDA-24-CO-04

CONTROL ORDER RESTRICTING MOVEMENT OF SHELTER AND RESCUE DOGS DUE TO CANINE RESPIRATORY DISEASE OUTBREAK LIFTED

Effective immediately, the July 12 Control Order (DDA-24-CO-04) has been lifted.

Intrastate and interstate dog movement may resume without restriction.

In accordance with 3 Del. Admin. C. 904, all dogs moving interstate into Delaware are required to be accompanied by a Certificate of Veterinary Inspection completed by a licensed and nationally accredited veterinarian and written on an official form from the State of Origin. All dogs over (4) months of age must be vaccinated for rabies.

The Office of the State Veterinarian will continue to monitor the Canine Infectious Respiratory Disease Complex situation in the State to determine if additional action is necessary to control disease in the dog population.
