

Missouri Exhibition Requirements for Swine

General Requirements

1. Certificate of Veterinary Inspection (CVI) - The term Certificate of Veterinary Inspection means a legible record made on an official form of the state of origin, issued by an accredited licensed veterinarian. The official Certificate of Veterinary Inspection shall state that the animal(s) are free of visible signs of contagious, infectious, or communicable disease and describe the animal(s) by species, breed, sex, and age. All animals will be individually identified and listed on the CVI along with all data for required tests and vaccinations, including date, results, and the name of the laboratory performing the test.
2. The Certificate of Veterinary Inspection is valid for thirty (30) days from the date of inspection.
3. The following are valid forms of official ID: 840 RFID/EID tags, 8 or 9 character NUES tags, ear notch or a registration tattoo if purebred and with proof of registration accompanying the animal.
4. Sales scheduled in association with exhibitions must employ an accredited veterinarian to examine animals and process a Certificate of Veterinary Inspection for change of ownership when required.

Specific Requirements for Swine

1. **Intrastate** (swine in Missouri moving within Missouri for exhibition only)
 - a. A CVI is required.
 - b. All swine must be individually identified by official ear tag as defined by official identification, or ear notch or tattoo if purebred and with registration papers, or any other means of permanent identification approved by the state veterinarian, be individually listed on a CVI, and be free of clinical signs of infectious or contagious disease.
 - c. Brucellosis. No test is required.
 - d. Pseudorabies. No test is required.
2. **Interstate** (swine from another state entering Missouri for exhibition only).
 - a. A CVI is required.
 - b. All swine must be individually identified by official ear tag as defined by official identification, or ear notch or tattoo if purebred and with registration papers, or any other means of permanent identification approved by the state veterinarian, be individually listed on a CVI, and be free of clinical signs of infectious or contagious disease.
 - c. An entry permit is required.
 - d. Brucellosis.
 - i. Swine originating from brucellosis-free states may exhibit without a brucellosis test.
 - ii. Swine originating from a state having a brucellosis status less than free must be tested negative within sixty (60) days prior to exhibition except—
 1. Breeding swine from a validated brucellosis-free herd. The validated herd number and date of last validating test must be listed on the CVI.
 - e. Pseudorabies.
 - i. Swine originating from a state classified as Stage V in the National Pseudorabies (PRV) Eradication Plan may exhibit without a pseudorabies test.
 - ii. All other swine must be tested negative within sixty (60) days prior to exhibition except—
 1. Swine from a qualified pseudorabies-free herd. The qualified herd number and date of the last qualifying test.
