# PHOTOGRAPHY TECHNOLOGY, A.A.S.

The **Photography Technology degree** is designed to provide students with a broad working knowledge of the history, art, and techniques of photography. Students will learn both the foundational analog and digital skills needed to produce, compose, light, edit, print, and archive high quality images. This degree requires 64-69 credits in program requirements, program electives, and general education in the courses listed below.

For more information about Photography, please visit the program page (http://www.cod.edu/photography/).
