Volume Up
- **Tap or hold minus**
Volume Down

Siri

The most natural way to interact with HomePod is with your voice. Say things like:

Hey Siri, play some hip hop
Hey Siri, play something by Bruno Mars
Hey Siri, set a 5-minute timer
Hey Siri, what's the weather like in Cupertino?
Hey Siri, dim the bedroom lights
Hey Siri, play something chill
Hey Siri, open the shades halfway
Hey Siri, turn down the thermostat in the living room
Hey Siri, who's singing?
Hey Siri, how many teaspoons in a cup?
Hey Siri, DJ for me
Hey Siri, turn up the volume

HomePod

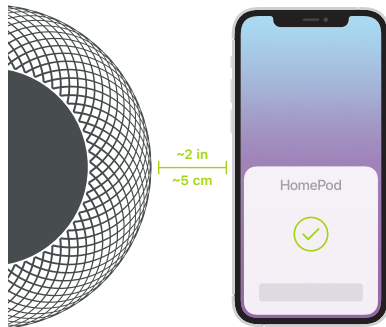

1

Connect to Wi-Fi and turn on Bluetooth® on your iOS or iPadOS device with the latest version of iOS or iPadOS.

2

Hold your device near HomePod, then complete the onscreen setup.

3

All done. Now simply ask Siri to play music. To learn more, go to the Tips app on your setup device.
