

2022 Letter of Understanding for Online Participation

Dear Pre-College Programs Student and Parent(s) or Legal Guardian(s):

In order to afford all University of Southern California (“USC” or “University”) Pre-College Programs (“Program”) participants the most beneficial and enjoyable experience, we require that certain minimum standards of conduct be observed. We are also providing you with certain notices to facilitate an enjoyable and productive experience for all students, parent(s), and legal guardian(s). Our experience has shown that a prior understanding of these standards by students and their parent(s) or legal guardian(s) will help contribute to a more effective learning experience.

COPPA/Technology Use Notice:

In order for USC to be able to provide students with the most effective web-based tools and applications for learning, USC utilizes several computer software applications and web-based services not operated by USC, but by third parties, such as Zoom, Blackboard, Slack, and similar learning management systems. USC may provide and some of these commercial programs and online services may collect personal identifying information -- generally a student’s first name, last name, email address and username - as a result of the student using that website/app.

Under a federal law titled the Children’s Online Privacy Protection Act (COPPA) these commercial websites/apps must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. The purpose of COPPA is to give parents control over the information collected about their children by websites/apps. COPPA applies to commercial websites/apps that collect, use or disclose personal information from children, and operators of general audience websites or online services with actual knowledge that they are collecting, using or disclosing personal information from children under 13 years old. For more information on COPPA, please visit:
