Subject: RE: In the Matter of 2020-IN-001

Hearing Officer Warren,

In light of recent events, I have reached out to local counsel for CarFax Robert Fine and discussed whether they would object to moving the pre-hearing conference scheduled for March 27th to a telephone conference. His client did not object. Are you open to proceeding in this method?

With the Governor's Executive Order concerning Open Meetings, I believe we can still achieve the spirit of our public hearing process by shifting this to a telephonic pre-hearing conference to discuss how to receive public comments, set a schedule for submission of those comments, consider setting a hearing date or future status conference dates, and address any other concerns. To help effectuate this conference, I can offer our Financial Services Conference Call Line. The line can hold up to 50 parties, so as long as we don't exceed that, it would achieve the same public venue of hosting a pre-hearing conference at the Department. We could also publicize this date and method via our website where we have already posted the Order: <https://dbr.ri.gov/rules/hearing.php>.
