

2023-2024 Funded Graduate Student Health Plan Declination Form

Each semester, students enrolled in the Graduate School, degree-seeking, and fully-funded by the University through a qualifying assistantship or fellowship are automatically enrolled in the UK Student Health Plan (SHP) at no cost to the student.

Domestic funded Graduate Students who choose not to be enrolled in UK SHP may submit this completed form to studenthealthplan@uky.edu by the listed deadline. This removes the Domestic Funded Graduate Student from funded health coverage for the designated semester. **Please note that you must decline the SHP each semester that you do not want to be enrolled.**
