

TATE'S STICKWORK IS FEATURE OF THE PEPS VICTORY OVER BONHAM

Another Pep hit his way into the heart of the Ardmore fans Thursday afternoon when the locals trounced Bonham by the score of 8 to 3. Tate, newly acquired third sacker, was the man who swung a wicked hickory and placed Ardmore in the lead in the first session and later tied the lead which the visitors had obtained, and that ain't all—he scored himself and broke the tie, which placed the Peps in the lead and put the clamp on the game. Tate started his flashy stickwork right off the reel when he pushed the pill over the right center field fence in the first inning, after two men were down. This put Ardmore ahead 1-0. Bonham tied the score in the second, but a single by Young, followed by a one-baser by Webb, again placed the locals in the lead 2-1. Undaunted, Bonham scored two more in the third, making it 3-2, and then Tate came along in the second half of the same inning and slammed a two-bagger to the left field boards scoring Clapp. Tate was followed by Red Reynolds who singled a low liner to center, scoring Tate.

Bonham got off the seaway at the end of the third and did not score any more. The Peps however started a track meet, and tallied another in the seventh, when Behren singled, stole second and came home on Jones' hot grounder to Maxwell which would have cut a hole in the auburn haired second sacker had he attempted to hold on to it. In the eighth three more runs were chalked up, as a result of a single by Reynolds, a triple by Webb, and a double by Lemasters. Webb's three-base drive furiously flew through the air on a line to the left field boards. Tanner made a strenuous jump to intercept it, but it tipped the end of the leathery hand and continued on.

Lemasters' play behind the bat was a feature. He nabbed three men who thought they could reach second on steals, and fooled Moss in the seventh when the manager of the Bonham club tried to lay down a sacrifice. Lemasters picked up the pill and pegged it to Reynolds and Tanner was caught at the sack.

Reynolds' work was also of high class variety. His receipts of Lemasters' throws were perfect. In the second session he made a spectacular gloved one-hand stab when he leaped high into the air to intercept a rather wide assist and caught his man.

Three snappy double plays featured the Peps' fielding.

Harding twirled well and although he was touched for seven hits, held the visitors after the third. His retirement arrived in the eighth after Barham singled and Delmasco walked with nobody down. Refusing to take further chances, acting manager Reynolds brought Yeager to the mound.

Philadelphia, July 15.—Tickets for an eight-round bout between Benny Leonard, world's lightweight champion, and Lew Tendler, of this city, at the national league baseball park here August 12, will be placed on sale next Monday, it was announced today. Mail orders will be filled as soon as received.

Chicago, July 15.—Jack Johnson, former heavyweight champion of the world, who is spending a few days in Chicago following his release from Leavenworth penitentiary, has expressed a desire to meet Jack Dempsey, in a statement to newspaper men.

"I want a chance to fight Jack Dempsey," he is quoted as saying. "Half of the proceeds to go to wounded soldiers. If Dempsey's end is not enough I will give him mine."

INDICATIONS ARE THAT
GUSTAFSON TRIAL WILL
LAST ALL NEXT WEEK

(Continued from page 1)

a large number of people there with guns. Wilson testified that the policemen, 25 or 30 in number, were just standing around talking and kept this up for two hours.

Tulsa, Okla., July 15.—That the trial of John A. Gustafson, suspended chief of police, may last practically all of next week, was indicated today when the prosecution conducted by Attorney General S. P. Freeling introduced more witnesses on the riot situation. Failure to do his duty to prevent the race riot is one of the four counts against the police head in the trial for his removal.

Others relate to vice, liquor selling and automobile theft conspiracy.

A number of witnesses were heard yesterday who described the riot after Sheriff William McCullough had testified.

Charges that a man in the uniform of a Tulsa traffic policeman, accompanied by another dressed as a policeman and three in khaki garb, took himself, his wife and three children out of their home, poured oil on the house and set fire to it about 5 o'clock the morning following the outbreak, were made by E. V. Bostick, negro deputy sheriff, serving under McCullough.

H. H. Townsend, private detective, and who was J. Arthur Hull's candidate for chief of police, took the stand amid breathless expectation. The large crowd of spectators and lawyers fully expected a sensation.

On cross examination Townsend was asked if he was not unfriendly to the police force. He claimed that he was not.

"Were you not defeated as a candidate for chief of police?" Attorney Leahy, for the defense, asked. The question was met with a vigorous protest from Attorney General Freeling and John Goldsberry, assistant county attorney, but Judge Cole ruled with the defense.

"Absolutely not," Townsend replied, and many of the spectators smiled broadly. "I was not a candidate for chief. My name was proposed but I flatly refused to be considered."

"Didn't you know that your name was at one time seriously considered by the committee?" he was asked. "It may have been, I don't know," Townsend asserted. "But if it were, it was against my will."

"Didn't you tell George Blaine in a conversation at the Central National Bank several days before the appointment of the chief was announced that you knew you were going to be appointed and wanted him to work for you?" was another question which brought forth objections of the state counsel. Townsend was allowed to answer. "No, I positively deny any such conversation. I never intimated any such thing to Blaine," he replied.

GOLF COURSE IN FINE CONDITION FOR TOURNAMENT

Washington, July 15.—The drought which has prevailed throughout the country has been a matter of especial interest to golfers everywhere on account of its possible effect upon the course of the Columbia Country Club where the national open tournament is to be played July 19-22.

It was stated at the Columbia Country club that the course is in excellent shape. The foundation of its present condition is the care which has been given during the past few years to the development of turf on the fairway and putting greens. The latter, watered day and night during the dry spell, have kept their smooth and velvety texture, while the grass on the fairways is of sufficient thickness to withstand the burning rays of the sun.

This satisfactory situation is due to experiments which are unique with the Columbia Country club, where for many years several tracts have been devoted to testing out all varieties of grass in order to secure the best results. The work on the experimental grass farm has been done by Dr. Walter S. Harban, former vice president of the United States golf association, in conjunction with officials of the United States department of agriculture, who have secured valuable data for farm and lawn work.

The ninth green, which is said by experts to be the finest putting surface in the world, was constructed according to what is known as the vegetative process. This process dispenses entirely with the use of grass seed. A variety of grass known as the creeping bent is cut into little bits about half an inch long which are laid upon soil and then covered with a top dressing. The silvers of the grass stem then vegetate and form a smooth turf which, when cropped, is of a soft and silky texture, over which the ball will run without deflection.
