

TULSA PEACE OFFICERS MAY FACE CHARGES

Oklahoma Governor Orders Grand Jury Investigation. Martial Law at an End at 3 O'Clock Today.

TO REBUILD NEGRO HOMES Fund of Half Million Being Raised to Aid Victims.

Death Toll Not Over Thirty—No More Bodies Found.

Washington, June 3.—A general inquiry into the race riots at Tulsa, Okla., has been ordered by Attorney General Daugherty. It was announced today at the department of justice.

Oklahoma City, June 3.—Governor Robertson of Oklahoma today directed Attorney General Prince Freeling to take charge of the grand jury investigation of the Tulsa race riots.

It is determined that the cause of this riot shall be ascertained, the responsibility fixed, and the guilty parties brought to justice.

If in your opinion the facts warrant, proceed at once to remove those peace officers charged with the duty of maintaining order.

The attorney general was absent from the city today, being reported en route from Washington.

End Martial Law Today. Tulsa, June 3.—Troops on duty here, under a proclamation of martial law, will be recalled at 3 p. m. today.

Unless some untoward incident occurs before that hour, Brig. Gen. Charles B. Barrett, assistant military commander today after a telephone conversation with Gov. J. B. A. Robertson at Oklahoma City.

General Barrett told Governor Robertson that the martial law was relaxed to permit normal business here last night and that no heavy armaments were used in the rioting.

Witnesses burned and blood stained Tulsa negroes gave authorities a new problem to cope with today. Systems of recovery in the districts razed during two days of rioting was reported.

Even pianos have been carried away from the negro district, which was wrecked by race hatred.

Martial law, which was slackened after a day of quiet, was more strict today. A company of heavily armed guardsmen was thrown around the negro district to save what little remains of the property of negroes.

General Barrett, in charge of the troops, early today began centralizing the property of negroes, found in their ruined shacks into one large heap for identification and protection.

Death Toll Reduced. Revised estimates now place the total death list, whites and negroes, at thirty killed and about 300 injured.

Earlier reports placed the total dead up to 175. It was due to multiplication of records among sheriffs, deputies, police, the National Guard and other peace agencies.

Altho negroes were back at the posts of mental labor today, they were not at ease. It will take some time for them to overcome their fears after having been shot at and herded about like cattle in a pasture for over thirty hours.

It was noted that no sickness has developed in the camp of 3,000 negroes in the Tulsa fair grounds.

The citizens' committee has started the dispatch of supplies to needy negroes. The home of a lawyer—one of the few left standing in "Little Africa"—was made the distributing center.

Negro Cult Blamed. Ratings of a secret negro cult was believed by authorities today to have fanned the race feeling.

Members of an organization called "Blood Brothers" are said to have been the ones who stormed the jail to release the negro who is alleged to have assaulted a white girl. It was pointed out, however, that these agitators were the very small minority of the negro population.

Ten negroes, now held in detention camps, are charged with inciting the riot. Cyrus Avery, member of the committee of citizens in control of the city, said today.

"Minerva," a 60-year-old wash woman, was released from the city charges today, following pleas of her washing clients. "Minerva" was fleeing the town when she was arrested.

The Weather

FORECAST FOR KANSAS. Cloudy and somewhat unsettled tonight and Saturday. Cooler in the east and south portions tonight.

CLOUDY AND COOLER

Drop in Temperature Due in East and South Tonight. TODAY'S TEMPERATURES.

7 o'clock... 64 11 o'clock... 68 8 o'clock... 65 12 o'clock... 70 9 o'clock... 67 2 o'clock... 72

The anticipated drop in temperature for Topeka Thursday night did not materialize, because of the slow movement of a high pressure area in this direction. The high pressure area should reach Kansas and the temperature at Topeka by tonight.

The highest temperature recorded in Kansas, Thursday, was 92 degrees at Coldwater, and the lowest Thursday night was 50 degrees at Goodland.

Principles advanced by Colonel Dean are declared in the state's brief to have been founded on the dissenting opinion of Justice Field in the Munn case in 1877.

Subject to Public Control. Colonel Dean's brief declared that private industries are not invested with a public interest as defined under the provisions of the industrial court law.

It is urged that production of fuel is admittedly invested with public interest, and previous to enactment of the law apply in the matter of packing houses, stockyards and the milling interests.

Each is declared to be a monopoly, and public control and regulation should apply in the matter of packing houses, stockyards and the milling interests.

Governor Allen and members of the industrial court today joined in declaring they had not reached an agreement to prosecute the Wolff company.

Independent of Present Case. The industrial action, it is thought, will be independent of the case now before the supreme court affecting the industrial court's recent order in the wage issue.

In the reduced tariff which is to be filed with the interstate commerce commission for approval, some of the items are: apples, 10 cents; cranberries, 1.25 to 1.05 a hundred pounds; canned goods, from 1.20 to 1.00; cut and dried fruits, including raisins, from 1.15 to 1.25; condensed milk, from 1.20 to 1.05.

Roads to File New Schedule. The changes quoted have been worked out in the office of J. H. Koontz, assistant general traffic manager for the Santa Fe, at Topeka.

Chief of Police and Chief of Fire Department Issue Warning. Topeka's alley ordinance is about to be enforced, it is indicated in action taken by Chief Guy Swallow of the police department and Fire Chief J. H. Riddle.

The dumping of trash in the alleys and streets has been a cause of much complaint for some time. The department has not been able to take care of complaints from such sources because they are too numerous and because the police department is expected to enforce city ordinances.

The dumping of grass from the residence yards into the streets, an annoyance to the police department, will be investigated by the chief of police.

ASK REHEARING OF PHONE CASE. City of Ottawa Files Application With Utilities Commission. The city of Ottawa filed an application with the public utilities commission for a rehearing of the telephone rate case.

SALE CLASS Poultry and Egg Business Show 1000 Per Cent Growth

Kansas Hen and Dairy Cow Produce Value of Six Quarter Sections of Land Worth \$200 Per Acre for Every Working Day.

In thirty years the poultry and egg business in Kansas has grown 1000 per cent, while the dairy business has shown nearly 1,200 per cent growth.

The poultry and egg crop for 1920 was worth \$2,259,928, according to a report today by J. C. Mohler, secretary of the state board of agriculture.

The Kansas hen and the dairy cow produced for the farmers of the state last year to the value of six quarter sections of land worth \$200 an acre for every working day of the year, the report states.

Last year the hen and cow produced 8 per cent of all the farm revenue in Kansas, Secretary Mohler asserts.

In the last ten years the poultry and egg values have doubled, while dairy products have grown 300 per cent.

The Mohler Statement. In a statement today Secretary Mohler said: "Few people, even among our own citizens, realize the extent to which these two lines of production have grown in this state."

The annual production of poultry and eggs has practically doubled in the last ten years, while the dairy products have increased 300 per cent in the same time.

ASH LOWER RATES PUSH RACE BILLS

Public Demands Decrease in Freight and Passenger Charges. Action Follows Reduction in Wages of R. R. Employees.

Two of the immediate effects of the reduction in wages for railroad men, which has been authorized by the United States railroad board, much anticipated by the public, need to be in prospect of early accomplishment.

The public has been demanding a lowering of the freight and passenger rates for transportation, if the wages of the railroad employees are to be reduced.

There has already been announced a reduction in transcontinental freight rates, and it is thought, will be independent of the case now before the supreme court affecting the industrial court's recent order in the wage issue.

In the reduced tariff which is to be filed with the interstate commerce commission for approval, some of the items are: apples, 10 cents; cranberries, 1.25 to 1.05 a hundred pounds; canned goods, from 1.20 to 1.00; cut and dried fruits, including raisins, from 1.15 to 1.25; condensed milk, from 1.20 to 1.05.

CLUB WOMEN HERE

Five Hundred Delegates From Many Kansas Cities. Convention Begins Saturday Morning at State House.

Meeting of Business and Professional Women of State. Dinner to be served tonight.

Committee From Topeka Club to Meet Visitors. Each of the local clubs in the Kansas Federation of Business and Professional Women's clubs will put on an original sketch at the opening of the annual state convention this evening.

The convention proper will open tomorrow morning and it is expected that 600 women from many Kansas cities will attend the sessions which will be held in the representatives hall at the state house.

A committee of the Topeka club will meet the delegates at the train. The address of welcome Saturday morning will be delivered by Attorney General Richard J. Hopkins and the response will be made by Miss Dirlaye May Gear of the Manhattan Business Girls' club.

In the business session to follow, considerable interest is expected to materialize in the appointment of the nominating and other committees, for already a keen campaign has developed in the election of officers and members of next year's convention city.

The Kansas City, Mo., club is out for the privilege of entertaining the convention next year, and the Salina club also is making a strong bid for the honor.

Two delegates to the national convention of the Federation of Business and Professional Women's clubs, to be held in Cleveland next month, are to be chosen.

Principal speakers on tomorrow's program will be Miss Linn Brette, of the women's welfare section of the Kansas club of industrial relations; Mrs. C. J. Woodworth, Hutchinson; Miss Faye Fitzpatrick, Salina; Miss Nell Crouch, Kansas City, Kan.; J. E. Selover, Cowdrey, Okla.; and Mrs. E. M. Wilson, Emporia. A community sing, led by Miss Helen Wilson of Hays, and accompanied by the orchestra of the Kansas club of industrial relations, will be given at 7:30 p. m. at the Chamber of Commerce.

CLASH ON NAVAL WATER SHUT OFF

House and Senate Leaders Opposed on Borah Bill. Republicans and Democratic Representatives Are United.

Lower House Say They Have Harding's Support. Disarmament Feature to Be Broadened in Scope.

Washington, June 3.—Republicans and Democrats of the house today united to extend the scope of the Borah disarmament bill to include the naval appropriations bill.

Democratic Leader Garrett gave notice that he would endeavor to have passed a motion instructing the house conferees to insist on broadening the Borah proposal.

Republican Leader Mondell announced that he believes the majority of the Republicans favored its extension.

Threatened to Kill Bill. Republican leaders of the senate and house have clashed over the size of the naval appropriation bill.

House leaders today were threatening to kill the bill unless the senate agrees to an appropriation of \$400,000,000 instead of the \$494,000,000 included in the measure recently passed.

House Republican Leader Mondell declared that under no conditions will the house agree to a naval appropriation greater than the \$450,000,000, and accused senate leaders of talking economy and voting extravagance.

The house also will insist that the Borah disarmament amendment be broadened so as to include other nations than Great Britain and Japan and to give the president the opportunity to confer with the president of both land and sea forces.

Many Have Harding Support. In this plan, the house leaders believe they have the backing of President Harding. Mondell said that "informal feelers," which the state department had sent out, included other nations than Great Britain and Japan.

House leaders are incensed at the senate increases in the bill and declare that they will not support the measure unless it is broadened to include other nations than Great Britain and Japan.

The only increase, which the house leaders are willing to allow, is for new airplane construction and the state department has refused to do so. However, they will insist that any work done on the airplane carrier be done on the airplane carrier.

The house also will insist that the strength of the army be reduced to 100,000 men. The senate bill provides for 120,000.

TO KILL UNIONS? WOMAN TO INSPECT MOVIES

Freeman Charges Santa Fe Wants to Hire Scabs. Wires Gompers That Lay-Offs Mean Death to Unions.

Union workers are being laid off by the Santa Fe railroad in an effort to replace the men with "scab" workers, according to a telegram sent to Samuel Gompers today by W. E. Freeman, president of the Kansas Federation of Labor.

Freeman's wire to the president of the National Federation of Labor is a report of the clear and positive charge that the Santa Fe expects to replace its men with non-union workers.

In his telegram to President Gompers, Freeman said: "The present laying off of men by the Santa Fe System has gone far enough to make it absolutely certain beyond any possible doubt that the Santa Fe expects to get rid of all union employees and then fill the places with scabs."

System Federation Silent. When the telegram was called to the attention of the executive board of the Santa Fe System Federation of Shop Crafts, it came as news.

The executive board declared to the Santa Fe System Federation of Shop Crafts, it came as news.
