

KCSS Flipchart App

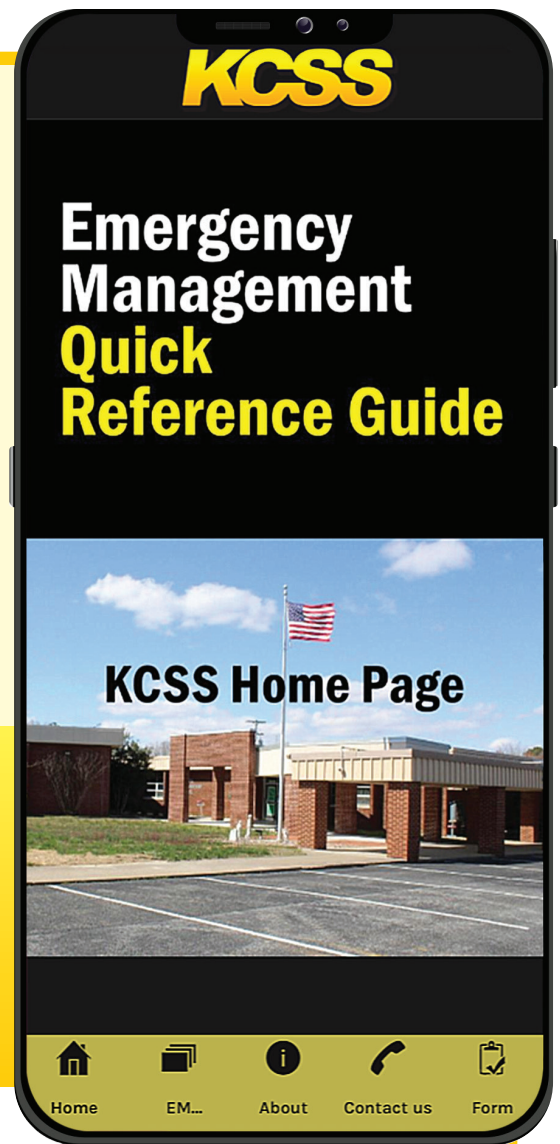

Available on the
App Store and on
Google Play!

Kentucky Center for School Safety provides this KCSS Flipchart, which includes emergency response procedures for K-12 schools.

School emergencies are unexpected, unpredictable and can take many forms. The Kentucky Center for School Safety offers this quick and easy reference guide (KCSS Flipchart) for immediate response and is not a complete school safety plan. This quick reference guide uses FEMA's four categories of school related emergencies.

This resource includes an alphabetical list of emergency response protocols and subsections for easy access to information when needed.
