### Full Membership Categories

Membership in the Kentucky Proud marketing program is limited to those who produce or directly serve in a marketing capacity of Kentucky-grown agricultural products as defined by KRS 260.016. KRS 260.016(1) "Agricultural product" means any farm product grown, raised, or produced as a result of being in the business of "agriculture" as defined by KRS 246.010; and (2) "Kentucky-grown agricultural product" means any agricultural product grown, raised, produced, processed, or manufactured in Kentucky.

<input type="checkbox"/> <b>Brewery</b>	A brewery is any place or premise where beer, malt liquor and/or hard ciders are manufactured for sale, and which are registered in the office of any collector of internal revenue for the United States. Breweries engage in the business of a brewer under the terms and conditions of KRS 243.150
<input type="checkbox"/> <b>Community Supported Agriculture Operation (CSA)</b>	A CSA's focus is usually on a system of weekly delivery or pick-up of vegetables and fruit, flowers, eggs, dairy products and/or meat.
<input type="checkbox"/> <b>Contract Packer/Co-Packer</b>	A company that manufactures and packages foods for other companies to market and distribute. <input type="checkbox"/> <b>Distillery</b>	A distillery is any place or premise where distilled spirits are manufactured for sale, and which are registered in the office of any collector of internal revenue for the United States. It includes any United States government bonded warehouse. Distilled spirits means any product capable of being consumed by a human being which contains alcohol in excess of the amount permitted by KRS Chapter 242 obtained by distilling, mixed with water or other substances in solution, except wine, hard cider, and malt beverages.
<input type="checkbox"/> <b>Distributor/Wholesaler</b>	Person or firm that buys large quantity of goods from various producers or vendors, warehouses them, and resells to retailers. Wholesalers who carry only non-competing goods or lines are called distributors.
<input type="checkbox"/> <b>Farmers' Market</b>	A prescribed location(s) where two or more producers gather on set days/times to sell products that they grow/produce directly to consumers. Though the market may allow other types of sales, the sale of agriculture products grown or produced by the seller or their family should be the primary business of the market. If the location sells for other farmers who are not present, then review the definitions of produce market/roadside market and on-farm market. (Only select this category if you are a representative of a farmers' market. Do not select this category if you are only a vendor of a farmers' market)
<input type="checkbox"/> <b>Food Service</b>	The practice or business of making, transporting, and serving or dispensing prepared foods, as in a restaurant or commissary.
<input type="checkbox"/> <b>Garden Center</b>	Retailer of flowers, trees, shrubs and/or ornamental landscape products.
<input type="checkbox"/> <b>Greenhouse</b>	A greenhouse is a building with glass walls and roof for the cultivation and exhibition of plants and plant products under controlled conditions. The definition of plants and plant products is the same for greenhouses as it is for nurseries.
<input type="checkbox"/> <b>Grocery</b>	A store established primarily for the retailing of food items. This includes produce markets and convenience stores along with the traditional grocery store.

<input type="checkbox"/> <b>Hospital</b>	An institution that provides medical, surgical, or psychiatric care and treatment for the sick or the injured.
<input type="checkbox"/> <b>Manufacturer</b>	A person, an enterprise, or an entity that manufactures something.
<input type="checkbox"/> <b>Nursery</b>	A nursery is any grounds or premises on or in which nursery stock is processed and grown, or from which nursery stock is collected for sale, or any grounds or premises on or in which nursery stock is being fumigated, treated, packed, or stored. Nursery stock means all field or container-grown and native trees, sod, shrubs, herbaceous perennials, vines, cuttings, grafts, scions, buds, fruit-pits, and other seeds of fruit and ornamental trees and shrubs; also other plants and plant products for, or capable of, propagation, excepting field, vegetable, and flower seeds, bedding plants, bulbs, and roots. Plant and plant products means any trees, shrubs, vines, foliage and cereal plants, and fruit, vegetables, roots, bulbs, seeds, wood, lumber, and all other parts of plant or plant products.
<input type="checkbox"/> <b>On-Farm Market</b>	An on-farm market is located on the producer’s farm and may carry its own produce and value-added products and the products of others.
<input type="checkbox"/> <b>Producer Group</b>	An organization, association, or network of producers that utilizes a common marketing system. Example: CPH-45.
<input type="checkbox"/> <b>Producer/Grower/Breeder</b>	A farm or business with active farming operations that grows, raises and/or breeds Kentucky agricultural product(s).
<input type="checkbox"/> <b>Restaurant</b>	A retail establishment that serves prepared food and drink to customers. Service is generally for eating on premises, though the term has been used to describe take-out establishments and food delivery services. The term covers many types of venues and a diversity of styles of cuisine and service.
<input type="checkbox"/> <b>Retailer</b>	Any retail outlet that carries Kentucky Proud items that does not fit the other categories such as grocery, garden center, or roadside market.
<input type="checkbox"/> <b>Kentucky Farm Bureau Certified Farm Market</b>	A store or stand registered with Kentucky Farm Bureau that sells primarily produce and locally produced value-added products. This produce may be from local farmers or from other sources. This marketplace is different from a grocery store because it sells primarily produce.
<input type="checkbox"/> <b>School</b>	An institution for the instruction of children or people.
<input type="checkbox"/> <b>Winery</b>	A winery means any place or premises in which wine is manufactured from any fruit, or brandies are distilled as a by-product of wine of other fruit, or cordials are compounded. Wine means the product of the normal alcoholic fermentation of the juices of fruits, with the usual process of manufacture and normal additions, and includes champagne and sparkling and fortified wine of an alcoholic content not to exceed twenty-four (24%) by volume. It includes cider, hard cider, and perry cider and also includes preparations or mixtures vended in retail containers if these preparations or mixtures contain not more than fifteen percent (15%) of alcohol by volume. It includes ciders, perry, or sake having an alcohol content greater than that permitted under KRS 241.010 subsection (2)(i).
