16 (b) Each human service employer shall annually perform a risk assessment, in
17 cooperation with the employees of the human service employer and any labor organization or
18 organizations representing the employees, all factors, which may put any of the employees at risk
19 of workplace assaults and homicide. The factors shall include, but not be limited to: working in
20 public settings; guarding or maintaining property or possessions; working in high-crime areas;

22 public access to the workplace; working in public areas where people are in crisis; working in
23 areas where a patient or resident may exhibit violent behavior; working in areas with known
24 security problems and working with a staffing pattern insufficient to address foreseeable risk
25 factors.

26 (c) Based on the findings of the risk assessment, the human service employer shall
27 develop and implement a program to minimize the danger of workplace violence to employees,
28 which shall include appropriate employee training and a system for the ongoing reporting and

29 monitoring of incidents and situations involving violence or the risk of violence. Employee

60 and desist order enforceable in the appropriate courts of the commonwealth.
