

POLICY #15
p. 1 of 1

Subject **State-led Cleanups for Applicants Who Bear No Responsibility for the Release**
Adopted **7/21/2006; 11/17/1995**

Any person determined to be an applicant who bears no responsibility for the release pursuant to Colorado statutes and regulations has the statutory right to request the state to perform the remediation. This request must be made before any remediation beyond emergency response and initial abatement commences.

If any eligible person requests a state-led cleanup, the Division of Oil and Public Safety of the Colorado Department of Labor and Employment may schedule cleanup according to available financial and staff resources and based on the threat to the environment and public health and safety.
