

**POLICY #3**  
**p. 1 of 1**

**Subject** Aboveground Storage Tank (AST)  
**Eligibility Adopted** 7/21/2006; 8/4/1995

An aboveground storage tank (AST) site will be considered eligible for Fund benefits provided the site meets or has been upgraded to meet, one of the following:

1. For existing tanks that are out of service and will not be operated in the future, the requirements for permanently closing ASTs as set forth in 7 CCR 1101-14 §3-4-7(c).
2. For existing tanks that are in service and will continue in service, the minimum safety requirements of 7 CCR 1101-14 §3-4-1 and the spill prevention control and countermeasures requirements of 7 CCR 1101-14 §3-4-2.
3. For tanks installed or re-installed after October 1, 1994, the requirements for new AST installations in accordance with 7 CCR 1101-14 §3.

This policy applies to all applications received on or after October 1, 1994.

**Policy 3 is incorporated into Policy 4 for all reimbursement applications received on or after January 1, 1997.**
