

Disease-Specific Information

The UN Medical Services Division (MSD) maintains several webpages which provides UN personnel with information on specific diseases that may find beneficial.

Each section provides you with an overview of the disease, links to helpful resources and some include specific recommendations from the UN Medical Directors on what you can do to protect yourself and your loved ones against the disease.

Please click one of the links below to see information on the disease of interest to you.

If you have any questions related to this information, please email msdpublichealth@un.org (<mailto:msdpublichealth@un.org>)
