How to Determine Pre- & Post-Judgment Interest Rates

- 1. Is there a contract that sets the interest rate?

 If yes, the interest rate is what the contract says. If no, go to #2.
- 2. Is there a statute other than AS 09.30.070 that sets the interest rate?¹ If yes, use the interest rate required by the statute. If no, go to #3.
- 3. When was the judgment entered?²
 Both pre- and post-judgment interest rates³ will be the rate for the year in which the judgment is entered (see list below).⁴ **For judgments entered in 2025, this rate is 7.5%.** The rates for prior years were:

Year 1	Interest Rate for Judgments Entered that Year	<u>In</u> Year	terest Rate for Judgments Entered that Year
1997		<u></u>	
(on or after August 7	th) 8%	2011-2015	3.75%
1998	8%	2016	4%
1999	7.5%	2017	4.25%
2000	8%	2018	5%
2001	9%	2019	6%
2002	4.25%	2020	5.25%
2003	3.75%	2021-2022	3.25%
2004	5%	2023	7.5%
2005	6.25%	2024	8.5%
2006	8.25%		
2007	9.25%		
2008	7.75%		
2009-2010	3.5%		

Note: The interest rate on a particular judgment does not change, even though it may take several years for the debtor to pay it in full. For example: The interest rate on a judgment entered in 2019 is 6%, and it will stay 6% until the judgment is paid. It is not affected by the fact that new judgments entered in later years will have a different interest rate.

¹ Examples of other statutes that set interest rates:

[•] AS 25.27.025 – child support arrearages

[•] AS 06.05.473(h) – claims upon liquidation of a state bank

AS 09.55.440(a) – compensation for property taken in eminent domain proceeding

[•] AS 13.16.475(d) – claims against decedent's estate

Between July 1, 1980 and August 7, 1997, rates were 10.5% (as long as the complaint was filed within that window of time). See §§ 18 and 55 ch 26 SLA 1997. If the complaint was filed before July 1, 1980, a different rate applies.

Pre-judgment interest starts (or "accrues") when you could first sue a person about it. Examples include the date you notified someone that they injured you or the date a contract was first breached. Post-judgment interest starts on the date the judge signs the judgment.

⁴ This rate is defined in AS 09.30.070(a) as "three percentage points above the 12th Federal Reserve District discount rate in effect on January 2 of the year in which the judgment or decree is entered." Rate information is available at https://www.frbdiscountwindow.org/pages/discount-rates/current-discount-rates.
