Xerox Security Bulletin XRX13-001
Cumulative update for Common Criteria Certification
v1.0
01/30/13

Background

System Software Version 071.160.222.23700 for the ColorQube 8700/8900 models is a cumulative update that incorporates security vulnerability fixes up through 29 Aug 2012 as well as other non-security related defect fixes. This release is Common Criteria certified (see http://www.xerox.com/information-security/common-criteria-certified/enus.html).

This system software release for the products listed below is designed to be installed by the customer. Please follow the procedures below to install the solution. This system software version is a full system release so the patch criticality rating is not applicable.

The software release is compressed into a 479.3 MB zip file and can be accessed via the link below or via the link following this bulletin announcement on www.xerox.com/security.

http://www.xerox.com/downloads/usa/en/c/cert_071.160.222.23700.zip

Applicability

The system software release applies to network-connected versions only of the following products:

ColorQube®
8700
8900

Install Instructions
ColorQube 8700/8900

Summary of versions and actions:
- Determine the current System Software version or ESS Controller Version on your device for the affected product by printing a Configuration Report following the instructions for printing a Configuration Report on page 17 of the System Administrator Guide.
- Based on the current System Software version or ESS Controller Version on your device, determine from the table below what action(s) , if any, have to be taken before this release can be installed.
- Perform the indicated action(s) to get your device ready to install this release.
- Once your device is ready to install this release, follow the instructions after the table below under **Release Installation Methods** to install this release.

	If Your Software Version Is System SW Controller	Ready for Release?	Next step:	System SW / Network Controller Will Now Show:
1	071.160.101.35100 to 071.160.222.12600	Yes	Install Release	071.160.222.23700 / 071.162.23700
2	071.160.222.23700	N/A	--	071.160.222.23700 / 071.162.23700
3	071.160.222.26500 or greater	No	Contact Xerox Technical Support to have device downgraded to 071.160.222.23700	071.160.222.23700 / 071.162.23700

Release Installation Methods
This release can and should be installed by the customer. There are a variety of methods available for this.
- Send an Upgrade file to the device using the device web page for Machine Software Upgrade method.
- Upgrade a single device using an LPR command.
- Upgrade several devices using a batch of LPR commands.
- Use XDM and CentreWare Web to send Upgrade files to several devices.

For additional information on the above methods, refer to Customer Tip "How to Upgrade, Patch or Clone Xerox Multifunction Devices" (http://www.office.xerox.com/support/dctips/dc06cc0410.pdf).

Machine Software (Upgrade) Method
1) Extract the DLM file (**CQ8700_8900-system-spar-sw#07116022223700#.DLM**) from the zip file (**cert_071.160.222.23700.zip**).
2) Open a web browser and connect to the multifunction device by entering the IP number of the device.
3) Select the "Index" icon in the upper right portion of the screen.
4) Select "Manual Upgrades"
5) Enter the User Name and Password of the device.
6) Under "Machine Software" select "Upgrades" click the "Enable" box, and click on the "Apply" button to save the change.
7) Under "Machine Software" click on "Manual Upgrade"
8) Under "Manual Upgrade," select the Browse button to find and select the file (**CQ8700_8900-system-spar-sw#07116022223700#.DLM**).
9) Select the "Install Software" button.
10) All WorkCentres will automatically reboot in order to install the release. The release is installed when the system software version shows the new system software version number.
