## SANDIA SCIENCE & TECHNOLOGY PARK

where technology works

# PARK OVERVIEW

## ABOUT THE SS&TP

The Sandia Science & Technology Park (SS&TP) is a master-planned, 340-acre technology community. Associated with Sandia National Laboratories and adjacent to Kirtland Air Force Base, companies have access to world-class facilities, technologies, scientists, and engineers. From startups to large, established corporations, the SS&TP is *where technology works*.

## PARTNERSHIPS

The SS&TP is a model for public-private partnerships. The Park's approach blends the technology transfer and supply chain strengths of Sandia with community involvement.

- Albuquerque Public Schools
- Bernalillo County
- City of Albuquerque
- Mid-Region Council of Governments
- New Mexico Congressional Delegation
- New Mexico State Land Office
- PNM
- Sandia National Laboratories
- Sandia Science & Technology Park Development Corporation
- State of New Mexico
- US Department of Energy/NNSA
- US Economic Development Administration

To learn more about the SS&TP, please contact:

# SERVICES

The SS&TP Program Office and the Sandia Science & Technology Park Development Corporation provide services and business opportunities to the SS&TP companies and organizations and assist in the management and development of the Park.

## RESIDENT SUPPORT

- **City of Albuquerque Building Permits** — expedited approval process
- **Government** — provide points of contact to obtain permits and licenses
- **Issues Management** — respond quickly to develop viable solutions

## BUSINESS DEVELOPMENT

- **Introductions** — arrange interactions with appropriate decisionmakers at Sandia, Kirtland Air Force Base, Park companies, government, and other organizations
- **Real Estate Liaison** — provide referrals and information

## MARKETING ACTIVITIES

- **Communications Outreach** — inform you about community events and activities
- **Company and Organization Directory** — for communications and marketing
- **Promotion and Public Relations** — promote your business capabilities through the Park newsletter and website

## EVENT COORDINATION

- **Park Tours and Briefings** — for prospective and current residents; government, business, and community leaders; and the media
- **Company Leadership Luncheons** — introduce your company or organization to others in the Park
- **Workshops, Seminars, Roundtables, & Showcases** — topics relevant to Park companies and organizations
- **Groundbreakings, Ribbon Cuttings, Grand Openings, & Open Houses** — plan and conduct events

# FIBER NETWORK

The ORBIT Network is the SS&TP's own fiber optic communications backbone, housed in a secure underground conduit system, connected to a controlled-access structure (the Point of Presence building known as the POP), and extending throughout the SS&TP properties. The network is specially designed to meet the security and communication needs of this technology community.

ORBIT provides:

- Fiber optics — the fastest transmission medium commercially available
- State-of-the-art technology with ring architecture and a centralized fiber access facility (the POP)
- Quick, easy, and secure fiber optic connections available to all Park residents
- Video, voice, and data service from alternate providers

# FEATURES & AMENITIES

From its stunning mountain views and landscaped medians, bike paths, and walkways, to pocket parks with shade structures and exercise stations, the SS&TP provides an excellent blend of high technology with quality-of-life features and amenities.

- Master-planned Technology Community
- 340 Acres
- Associated with Sandia National Laboratories
- Adjacent to Kirtland AFB
- Full-time Program Staff
- Accelerated City Approval Process
- State-of-the-art Fiber Optics
- Redundant Power
- Conference Rooms
- Near Albuquerque International Airport
- Easy Access to I-40 and I-25
- Museum
- Credit Union
- Early Childhood Center
- Pocket Parks
- Public Art
- Covered Picnic Areas
- Exercise Stations
- Walking and Biking Trails/Nearby Community Center
