

UT SARA Fee Schedule

Effective August 2017

Per the [R431 State Authorization Reciprocity Agreement](#), institutions approved as UT SARA pay an annual fee established by the Office of the Commissioner for Higher Education. The fee will be used to administer SARA in the state. The fee is based on the most recent FTE as reported to IPEDS:

Institution's total full-time equivalent (FTE) enrollments as reported to IPEDS*	UT SARA Annual Fee
Under 2,500 FTE	\$2,000
2,500 – 9,999 FTE	\$4,000
10,000 or higher FTE	\$6,000

**Institutions not reporting to IPEDS use the FTE count for the last full academic year.*

Once the institution application is reviewed by the committee, given the UT SARA committee approves renewal, the institution will receive a UT SARA membership invoice via email. Once the state membership is paid, the UT SARA state portal entity will report institution renewal approval to NC-SARA. NC-SARA will send an email with instructions to pay the national coordinating committee for SARA. The renewal as a SARA institution is official once NC-SARA receives payment. The institution will be listed on nc-sara.org as a SARA institution.
