ASTM F1487-17

CPSC PUB #325

Spin away from normal playgrounds with the Cyclone Challenger. Made up of three double-sided panel, children will be entertained for hours with the limitless possibilities. The turned pieces create three play surfaces: outside of the panel, inside of the panel, and underneath the structure. Each side of the curved faces is adorned with hand grips and holes to hold onto as children leverage themselves to the top. The bumpy spine of each panel creates an additional grip point for youngsters to steady themselves. The area beneath the larger structure is open allowing for imaginative play to flourish. Each Challenger comes in your choice of custom colors at 10 to 14 weeks shipping or in Primary or Neutral color schemes for quick-ship 1 to 2 week shipping. Add the Cyclone Challenger to your existing or new play area to add a new look on play.
