No other comparisons available. Very good demand for this attractive offering of spring born calves. Most had spring and fall vaccinations. were light fleshed and fresh off the cow. A good crowd of buyers with internet buyers made for an active market. Several strings of calves offered in load lots with lots of part loads and packages available as well. The area is still extremely dry as predicted moisture in the area failed to materialize. Next feeder sale is scheduled for Friday November 1, 2024; expecting a nice offering of yearlings and a large run of springs born calves. Supply included: 100% Feeder Cattle (76% Steers, 23% Heifers, 1% Bulls). Feeder cattle supply over 600 lbs was 13%.
