Frequently asked questions

What should I report?

Concerns about your safety or security or that of others, including violent, threatening, intimidating, and distressing behavior.

What if I'm not sure where to submit a report?

We have multiple reporting paths to help you. We will help ensure the proper offices are involved, regardless of what you choose.

What happens after filing a report?

Individuals experiencing the behavior will be contacted to connect them with available university or community resources. Depending on the circumstances, other measures may be taken to address individual and community safety and security.

What help is available?

Depending on the situation and the individual's needs, resources may include adjustments to school or work schedules or locations, diversion of email or phone messages, safety planning and resources, threat and security assessments, counseling or health care.

Visit <https://cfo.asu.edu/threat-assessment-and-management-team> for more information about ASU's Threat Assessment Management Approach.
