

KIDS ON CAMPUS

June 16–August 8, 2025

**Summer Camps and
Teens on Campus
Summer Programs**

We offer a variety of week-long specialty summer camps for ages 5-6, 7-9, 10-12, and 13-15.

See our exciting Summer 2025 camp offerings at bucks.edu/kidsoncampus

How to Register

1. **ONLINE:** To register your camper (please register with the child’s name) online, please go to the Instant Enrollment/online registration page and follow the directions below. Directions on the Catalog Advanced Search page to register. Please select the camp(s) you want from our camp lists before you begin:
 - A. Add the Meeting Start Date (Month/Day/Year).
 - B. Add the Course Code Number or Camp Name.
 - C. Select the Topic Code – Kids on Campus.
 - D. Select the location.
 - E. Click on the Search button to see the camp listed.
 - F. Click on the Select button.
 - G. Click on Add Section to add your selection to your cart.
 - H. Click the Next button.
 - I. Fill in the Personal Identification form. (Child’s information only)
 - J. Add payment information.

This secure online registration is for credit card registration only. Once your registration is processed, you will receive a confirmation letter. If the camp is full, you will receive a telephone call from our office.

Please visit the Camp Information page on our website bucks.edu/kidsoncampus/campinformation for important camp forms that need to be completed and returned before the first day of camp.

2. **MAIL-IN:** Mail your completed Kids on Campus Registration General Form with payment to:
Bucks County Community College
Continuing Education Office
275 Swamp Road
Newtown, PA 18940

A canceled check or copy of your credit card charge serves as the receipt of payment.
3. **PHONE-IN:** No forms, no lines! Call 215-968-8409, Monday-Friday, 8:30 am-4:30 pm.
From May to August, the Registration Office will be following Summer Hours, which are Monday-Thursday, 8:30 am-4:30 pm. Payment is due at the time of registration. VISA, MasterCard, and Discover Card are accepted. If you call during After Hours, please leave a message on our voice mail.
4. **WALK-IN:** Come in person! We recommend you call the Continuing Education Office prior to coming to inquire about seat availability.

AFTER CARE PROGRAM

*After Care is for campers Ages 5-15
After Care Hours – 3:30 pm to 5:30 pm*

Parents/Guardians must register their camper for After Care the Monday before camper’s camp begins. Campers who are enrolled in the After Care Program will be taken to After Care at the end of the regular camp day. The After Care Program is located in the Solarium Room in the Rollins building on campus. Parents/Guardians must show Photo I.D. when picking up their camper.

Parents/Guardians must talk with the After Care Leader for any issues and/or concerns that occurred during After Care hours.

After Care Program for Ages 5-6, 7-9, 10-12, 13-15

June 16-20, 2025 (No Camp on June 19) Week 1
After Care RCHYC 8000 C01 Price: \$200

June 23-27, 2025 Week 2
After Care RCHYC 8000 C02 Price: \$250

June 30-July 4, 2025 (No Camp on July 4) Week 3
After Care RCHYC 8000 C03 Price: \$200

July 7-11, 2025 Week 4
After Care RCHYC 8000 C04 Price: \$250

July 14-18, 2025 Week 5
After Care RCHYC 8000 C05 Price: \$250

July 21-25, 2025 Week 6
After Care RCHYC 8000 C06 Price: \$250

July 28-August 1, 2025 Week 7
After Care RCHYC 8000 C07 Price: \$250

August 4-8, 2025 Week 8
After Care RCHYC 8000 C08 Price: \$250

Ages 5-6 • Newtown Campus

All camps are Monday - Friday, 9 a.m.–3:30 p.m. unless otherwise noted.

Camps listed below will take place at:
Bucks County Community College, Newtown Campus
275 Swamp Road, Newtown, PA 18940

Please see below for Ages 5-6 camp schedule, RCHYC registration numbers & pricing.

JUNE 16-20, 2025 (No Camp on June 19) WEEK 1

3-2-1 Blast Off! RCHYC 6159 C01 Price: \$283

EcoArt RCHYC 6282 C01 Price: \$298

Awesome Artists RCHYC 5023 C01 Price: \$303

JUNE 23-27, 2025 WEEK 2

Secret Agent Spies like Us/Secret Agent Lab Funky Forensics RCHYC 6250 C02 Price: \$469

Lego Builders Adventure Camp RCHYC 6284 C01 Price: \$368

JUNE 30-JULY 4, 2025 (No Camp on July 4) WEEK 3

3-2-1 Blast Off! RCHYC 6159 C02 Price: \$283

JULY 7-11, 2025 WEEK 4

Junior Scientists RCHYC 6255 C01 Price: \$348

NASA Journey to Outer Space/NASA STEM Explorers RCHYC 6246 C01 Price: \$469

Sports Bonanza RCHYC 5634 C01 Price: \$353

JULY 14-18, 2025 WEEK 5

Junior Scientists RCHYC 6255 C02 Price: \$348

Chemical Curiosities/Super Slimy Smokey Science RCHYC 6247 C02 Price: \$469

Sports Bonanza RCHYC 5634 C02 Price: \$353

JULY 21-25, 2025 WEEK 6

Junior Scientists RCHYC 6255 C03 Price: \$348

Recipe for Science RCHYC 5922 C01 Price: \$358

EcoArt RCHYC 6282 C03 Price: \$358

Buck-aneer Bash! RCHYC 6210 C01 Price: \$348

JULY 28-AUGUST 1, 2025 WEEK 7

Junior Scientists RCHYC 6255 C04 Price: \$348

Makerspace for Beginners RCHYC 6212 C01 Price: \$358

AUGUST 4-8, 2025 WEEK 8

Recipe for Science RCHYC 5922 C02 Price: \$358

3-2-1 Blast Off!

Prepare for lift off! Head into space and explore. Will you discover a new planet? Will you find aliens? Learn all about space and prepare to become an astronaut. This camp is out of this world! 3-2-1! Blast Off into fun!
Instructor: Staci Bickhardt

Awesome Artists

Explore the wonderful world of art using different art mediums and materials. Let your creativity lead the way! Create beautiful works of art while using the elements of art and principles of design. We will be painting, drawing, sculpting, and creating much more! Please bring an art smock as we will be getting messy as we create. *Instructor: Jamie Ulkloss*

BUCK-aneer Bash!

Dive into the deep seas as we explore the life of a Pirate and the creatures of the ocean. Campers will learn all about the ocean and pirates. This week's activities will include treasure hunts, map making, water play, and more! Come set sail for adventure!
Instructor: Maria Beck

Chemical Curiosities/ Super Slimy Smokey Science

Chemical Curiosities

Become a creative chemist through the investigation of the periodic table and the atoms that make up everything around us! Learn about chemical reactions as you grow crystals. We will experiment with oxidizing metals with different chemicals to see how rusty they get, design chromatography bandanas to take home, and even make our very own ice cream!

Super Slimy Smokey Science

Dive into a variety of scientific fields as you help solve a mystery, stretch silly putty and slime, copper-plate nickels, tinker with circuits, and investigate optical illusions. Become captivated by lasers, dry ice, and hair-raising experiments! You will love what happens when you mix science and fun!

There is a \$75 non-refundable fee for any cancellations and/or camper transfer out of a Mad Science Camp. *Instructor: Mad Science*

EcoArt

This camp uses recyclable materials, nature and various art supplies to create one-of-a-kind work! We learn various processes, techniques of mark making, and color theory. We will create 2D and 3D art while learning how to be sustainable with materials and creating with what is around us! *Instructor: Sharon Kulik*

Ages 5-6

Junior Scientists

Enter the world of biology and chemistry in this experiment and STEM focused camp! From making volcanoes to making your own crystals, become a scientist (without the degree) in Junior Scientist Camp! We will dive deeper into understanding the chemical properties of these experiments and processes in the world around us! *Instructor: Brianna Boucard*

Lego Builders Adventure Camp

Get ready for a Lego adventure, where playful learning takes center stage! Your child will unleash their creativity by taking on exciting challenges like building the tallest Lego tower, racing their very own Lego cars down ramps, and crafting wild animal habitats complete with Lego creatures. Each morning kicks off with epic themes like designing futuristic Lego cities or secret hideouts with hidden doors and traps! In the afternoons, the fun goes outside, where the kids will race vehicles, and build giant forts from cardboard and natural materials. This camp blends imaginative Lego building with action-packed outdoor STEM adventures, giving your child the ultimate hands-on experience where learning feels like play! *Instructor: Kat Palkovics*

Makerspace for Beginners

Welcome to our Makerspace Camp, the ultimate adventure for young builders and creators! Get ready for a week packed with hands-on fun where imagination takes the lead and STEM concepts come to life through playful exploration. With Legos, racetracks, K'NEX, marbles, and more, campers will unleash their creativity as they build towering skyscrapers, speedy racetracks, and clever machines. Along the way, they'll dive into cool building challenges, learn how to make floating structures, and discover how all the pieces fit together. It's all about fun, teamwork, and thinking outside the box! *Instructor: Kat Palkovics*

NASA: Journey to Outer Space/ NASA: STEM Explorers

NASA: Journey to Outer Space

Take a voyage of discovery into the atmosphere and beyond as we explore planets, moons, and other space phenomena. Create a comet and build your own Mad Science rocket and participate in a real NASA style rocket launch! Campers will take home additional NASA activities to complete at home!

NASA: STEM Explorers

Developed in partnership with NASA, our campers will think and act like NASA innovators during this hands-on program inspired by the NASA OPTIMUS PRIME Research Challenge. Use creative and collaborative skills to design a mission patch, train like an astronaut, build a Mars rover and solve real-world engineering problems. How might you use space suit cooling tubes to solve a problem here on Earth? There is a \$75 non-refundable fee for any cancellations and/or camper transfer out of a Mad Science Camp. *Instructor: Mad Science*

Recipe for Science

Get ready for a whirlwind of wonder with our Recipe for Science! Start by creating gigantic bubbles and revealing secret messages with disappearing invisible ink. Then, unleash your creativity as you build erupting volcanoes and slime-making. Design your balloons and airplanes as you send them zooming with a giant gust of air. Experience fizzy lemon explosions, frosting color experiments, and whip up your very own creamy homemade ice cream for the coolest and yummiest experiment of the week. After all that excitement, head outside with an epic adventure to Tyler State Park, where we'll explore real-life science by the lake. It's a week packed with science-tastic fun and outdoor exploration. *Instructor: Kat Palkovics*

Secret Agent Lab: Spies Like Us/ Secret Agent Lab: Funky Forensics Secret Agent Lab: Spies Like Us

Become a super spy and learn clever ways of performing tasks in this hands-on view of the science that spies use. Go on secret missions to find enemy spies and receive your very own pair of spyglasses. From decoding messages to secret safes and lasers, you will have the opportunity to check out spy equipment and discover the technological tools of detection!

Secret Agent Lab: Funky Forensics

Step into the shoes of a detective—uncover the science involved in evidence gathering and analysis. Using your observational skills, collect evidence and analyze the clues left behind. Recreate the scene of a crime using schematics. Use science to connect the dots and help sniff out the suspects in this hands-on investigation into the science of sleuthing! There is a \$75 non-refundable fee for any cancellations and/or camper transfer out of a Mad Science Camp. *Instructor: Mad Science*

Sports Bonanza

Get ready for a week packed with action and excitement! From dodgeball to soccer, tee ball, flag football, and scooter games. But that's not all! You'll discover the power of teamwork, leadership, and what it means to be a great sport on and off the field. Plus, we will play some schoolyard games and get crafty with sports-themed keychains. To top off the week, we'll celebrate with a splash—water balloon games, face painting, and a special award ceremony under the parachute! Can't wait to see you there, sports fans! *Instructor: Kat Palkovics*

Ages 7-9 • Newtown Campus

All camps are Monday - Friday, 9 a.m. – 3:30 p.m. unless otherwise noted.

Camps listed below will take place at:
Bucks County Community College, Newtown Campus
275 Swamp Road, Newtown, PA 18940

Please see below for Ages 7-9 camp schedule, RCHYC registration numbers & pricing.

JUNE 16-20, 2025 (No Camp on June 19) WEEK 1

Secret Agent Spies like Us/Secret Agent Lab Funky Forensics RCHYC 6250 C01 Price: \$469

Art Expressions RCHYC 5046 C01 Price: \$293

JUNE 23-27, 2025 WEEK 2

Playing Golf at Bucks RCHYC 6088 C01 Price: \$353

Sharpie's Un-cap the Possibilities RCHYC 6285 C01 Price: \$368

Awesome Artists RCHYC 5023 C02 Price: \$363

Musical Theatre, Jr. 2 Week Camp 6/23-7/3/2025 RCHYC 6206 C01 Price: \$602

Whodunnit? Detective Camp RCHYC 6032 C01 Price: \$343

Ultimate Escapes RCHYC 5329 C01 Price: \$338

Teach Me How to Game RCHYC 6288 C01 Price: \$343

JUNE 30-JULY 4, 2025 (No Camp on July 4) WEEK 3

Pickleball Camp RCHYC 6241 C01 Price: \$303

Chemical Curiosities/Super Slimy Smokey Science RCHYC 6247 C01 Price: \$469

Ultimate Escapes RCHYC 5329 C02 Price: \$278

Art Expressions RCHYC 5046 C02 Price: \$293

Teach Me How to Game RCHYC 6288 C02 Price: \$283

JULY 7-11, 2025 WEEK 4

Engineering with K'NEX RCHYC 6067 C01 Price: \$343

Green Thumb RCHYC 6095 C01 Price: \$358

Shark Week Camp RCHYC 6155 C01 Price: \$363

Fiber Arts Camp RCHYC 6287 C01 Price: \$358

Teach Me How to Game RCHYC 6288 C03 Price: \$343

JULY 14-18, 2025 WEEK 5

Harry Potter's Tri-Wizard Tournament Camp RCHYC 6211 C01 Price: \$398

Roblox Makers/Python Programming RCHYC 6289 C01 Price: \$479

JULY 21-25, 2025 WEEK 6

NASA Journey to Outer Space/NASA STEM Explorers RCHYC 6246 C02 Price: \$469

Decathlon and Track Camp RCHYC 5617 C01 Price: \$353

WeDo Lego Robotics RCHYC 6036 C01 Price: \$318

Engineering with K'NEX RCHYC 6067 C02 Price: \$343

Harry Potter's Tri-Wizard Tournament Camp RCHYC 6211 C02 Price: \$398

Fiber Arts Camp RCHYC 6287 C02 Price: \$358

YouTube Content Creators/Young Coders RCHYC 6272 C01 Price: \$479

JULY 28-AUGUST 1, 2025 WEEK 7

WeDo Lego Robotics RCHYC 6036 C02 Price: \$318

Eureka: Flight to the Future/Eureka: Launching with Legends RCHYC 6291 C01 Price: \$469

EcoArt RCHYC 6282 C04 Price: \$358

Harry Potter's Tri-Wizard Tournament Camp RCHYC 6211 C03 Price: \$398

Singing the Story RCHYC 6292 C01 Price: \$358

Roblox Coders/Video Game Animation RCHYC 6293 C01 Price: \$479

Teach Me How to Game RCHYC 6288 C04 Price: \$343

AUGUST 4-8, 2025 WEEK 8

Fitness "Fun"atics RCHYC 6256 C01 Price: \$343

Lego Brixology Mechanical Marvels/Lego Brixology Amazing Architecture RCHYC 6294 C01 Price: \$469

Sharpie's Un-cap the Possibilities RCHYC 6285 C02 Price: \$368

Harry Potter's Tri-Wizard Tournament Camp RCHYC 6211 C04 Price: \$398

Teach Me How to Game RCHYC 6288 C05 Price: \$343

A.I. Adventures/Make Your First Video Game RCHYC 6274 C01 Price: \$479

Ages 7-9

A.I. Adventures/ Make Your First Video Game

A.I. Adventures

Explore the world of artificial intelligence to design fully interactive games and experiences using cutting edge technology. This program combines artificial intelligence with coding to create an unforgettable learning adventure. Campers will construct machine learning models that use image and text recognition within block-based coding software to build a portfolio of projects. Camper created projects will be available on a password protected Black Rocket website to share with friends and family. Campers will work in pairs or teams for most of the program.

Make Your First Video Game

Conceptualization, level design, graphics, sounds, and simple coding are just some of the concepts that we will explore. No prior experience is necessary. Camper projects will be available on a password protected Black Rocket website to share with friends and family. Campers will work in pairs or teams for most of the program. *Instructor: Black Rocket*

Art Expressions

Here's your opportunity to express your most creative self in a myriad of art projects! You will gain confidence as you spontaneously create imaginative works of art that reflect your own unique self. You will learn about and use many different techniques and media, including printmaking, drawing, painting, collage, sculpture, and weaving. Discover the best in yourself. Ask questions, have fun, and keep on learning. *Instructor: Donna Ermer*

Awesome Artists

See description in Ages 5-6 section.
Instructor: Jamie Ulkloss

Chemical Curiosities/ Super Slim Smokey Science

See description in Ages 5-6 section.
Instructor: Mad Science

Decathlon and Track Camp

The Decathlon Camp is designed to provide fundamental instruction and activity of Track and Field in the areas of Bio motor skills, running, hurdling, jumping, and throwing of implements. Each participant will be provided safe and accurate directions in trying to successfully accomplish these skills. It is recommended that campers bring extra water. *Instructor: Steve Harnish*

EcoArt

See description in Ages 5-6 section.
Instructor: Sharon Kulik

Engineering with K'NEX

Engineering with K'NEX is a camp that explores the possibilities and potential of K'NEX. Campers will work independently and in groups to construct K'NEX designs to serve multiple purposes from structures, to cars, to innovations. The campers will learn the value of goals, plans, and how to use K'NEX to get there. We will also watch a few movies to try to inspire those master builders within. *Instructor: Scott Antoni*

Eureka: Flight to the Future/Eureka: Launching with Legends

Eureka: Flight to the Future

Use your imagination and creativity to escape the dangers of an island and make it back into space! Explore technological advances: submarines, boats, stomp rockets, and spacecraft. Discover science fiction through the works of Jules Verne and Isaac Asimov. All campers will build and take home their own sci-fi inspired light sabers!

Eureka: Launching with Legends

Discover the work of da Vinci, Edison, Tesla, and Benjamin Franklin and use what you learn to invent solutions to everyday problems. You'll prepare a proposal and receive a patent certificate for your very own invention. Build your own catapult, and even launch projectiles off a large trebuchet! You'll bring home countless cool inventions and a squadron of paper airplanes the Wright brothers would be proud of! There is a \$75 non-refundable fee for any cancellations and/or camper transfer out of a Mad Science Camp. *Instructor: Mad Science*

Fiber Arts Camp

This camp is ideal for individuals interested in crafts related to the fiber arts. Campers will spend the week experiencing activities that include weaving and finger knitting, beginner cross-stitch, and basic sewing skills, such as threading a needle and attaching buttons. Campers will use their new skill set in each area to produce crafted treasures to take home, such as wall hangings, friendship bracelets, backpack charms, and simple felt stuffies. Don't miss out on the fun!
Instructor: Karen Mummey

Fitness "Fun"atics

Campers will enjoy participating in a variety of healthy activities for the body and mind! Fun exercise and dance routines, as well as creative brain-training games will help to promote positive feelings of well-being! Walking in nature, practicing kids' stretching/yoga poses, and participating in mini-mindfulness lessons will leave kids feeling calm and centered. Learning about which foods give us the best energy and preparing healthy snacks together also help to make this a well-rounded summer camp experience! *Instructor: Sherri Cohoon*

Green Thumb

With a little green thumb and some imagination our campers will enjoy making terrariums, bird houses, garden signs and garden tiles. The love of nature will be inspired by encouraging the camper to utilize Tyler State Park. The camper will find moss, pebbles, and little treasures to fill into this magical terrarium land. They will also be encouraged to create clay figurines and garden tiles. Summer is meant for enjoying nature and going out to explore. *Instructor: Joan Zalucki*

Harry Potter's Tri-Wizard Tournament Camp

The magical world of Harry Potter and the Tri-Wizard Tournament springs to glittering life as campers dare to place their name in the Goblet of Fire in order to compete to become Wizarding Champions! Sharpening both their teamwork and problem-solving abilities, students of Hogwarts, Beauxbaton, and Durmstrang come together for a week of energetic enchantment as campers learn that the real magic of accomplishment is the way we help each other along the way.

Instructor: Jamie Ulkloss

Lego Brixology Mechanical Marvels/ Lego Brixology Amazing Architecture

Lego Brixology Mechanical Marvels

These classes were developed with Lego Master Builders! Campers will build machines that go! From race cars to boats, and drawing machines to insects, our creations are on the move. Each day we will explore a different engineering concept and put what we learn to the test. Campers will receive a take home activity each day. Let the building begin!

Lego Brixology Amazing Architecture

Working with Lego Master Builders, we set our sights on designing structures that work. Towers need elevators and rocket capsules need parachutes. In this session, we explore all things structural. From bridges to carnival rides and towers to Mars landers. We build it, test it, and then expand our creations. This session is fun for all who like to tinker. Campers will receive a take home activity each day. Let the building begin! There is a \$75 non-refundable fee for any cancellations and/or camper transfer out of a Mad Science camp. *Instructor: Mad Science*

Musical Theatre, Jr. 2-Week Camp for Ages 7-10

**2-Week Camp that starts on June 23 and ends on July 3. There is no camp on July 4.*

***Auditions are held on the first day of camp. If your camper misses the first day of camp, then your camper will be assigned a remaining part for the play.*

****Due to the licensing contract of the play, we are unable to live stream and/or have limited access of the play on Zoom. This is a live performance only. We apologize for any inconvenience this may cause.*

An introductory camp for young actors and actresses interested in performing onstage in a musical. Campers will learn to sing, act, and dance. A full-length kids musical will be performed on the final day of camp. Auditions are held on the first day of camp. Days will consist of rehearsals for the musical. Music will be practiced and rehearsed in the mornings while staging and dance will be in the afternoons. This summer's performance will be Finding Nemo, Kids. *Instructors: Katie McCauley, Sydney Black, Marissa Cohen*

Pickleball Camp

Participants will be provided opportunities to exercise hand-eye coordination while learning to use proper grip of the paddle, footwork, swing coordination hitting the ball and stroke coordination hitting a serve, ground stroke and volley. Game scoring and team cooperation will be introduced and will support different levels of ability. The focus of this camp is on cooperation and fun. It is recommended that campers bring extra water. *Instructor: Steve Harnish*

Playing Golf at Bucks

Participants will be provided opportunities to exercise hand-eye coordination while learning to properly grip, set up, align, and swing a variety of sized golf clubs in a safe and fun environment. All levels of ability will be met with appropriate age-related skills and games. The focus of this camp is to generate interest and fun with golf. It is recommended that campers bring extra water, and campers bring their own golf clubs. *Instructor: Steve Harnish*

Roblox Coders/Video Game Animation

Roblox Coders

Discover the Lua coding language while designing experiences in Roblox. This camp combines game design concepts and coding. New developers will learn to use Roblox's studio software to reimagine the popular game genres with your own custom code. Camper created games will be available on a password protected Black Rocket website to share with friends and family. Campers will work in pairs or teams for most of the program.

Video Game Animation

Bring your animations to life with design tools used by real game developers. Create sophisticated sprite animations using simple to form techniques that you can use in any 2D editor. Squash, stretch, and shade your creations to make your characters pop. Campers do not need any prior experience in game design, animation, or sketching. Camper created games will be available on a password protected Black Rocket website to share with friends and family. Campers will work in pairs or teams for most of the program.

Instructor: Black Rocket

Ages 7-9

Roblox Makers/Python Programming

Roblox Makers

Unlock the power of Roblox Studio, the world creation tool used by real-world Roblox developers. Learn how to build 3D models and create an adventure in your Roblox world. Bring characters to life with unique animations you design. Camper created projects will be available on a password protected Black Rocket website to share with friends and family. Campers will work in pairs or teams for most of the program.

Python Programmers

Want to learn the world's fastest growing programming language favored by Google and NASA? Discover how to code with Python using accessible web-based platforms that guide students through a series of daily lessons. Build fundamental tech literacy while creatively solving software engineering challenges. Campers will work in pairs or teams for most of the program, and their work can be saved on a password protected website to share with friends and family.

Instructor: Black Rocket

Secret Agent Spies Like Us/ Secret Agent Lab Funky Forensics

See description in Ages 5-6 section.

Instructor: Mad Science

Singing the Story

Using popular folk song melodies, campers will deepen their musicality in melody, rhythm, and movement. We will explore storytelling in books and then expand one of those stories into a performance in which the campers lead in embellishing the tale with music, movement, staging, and costume. Previous musical experience is always welcomed but not required! *Instructor: Sydney Black*

Shark Week Camp

Join us for a captivating week full of the ocean's most feared creatures. But is there actually a reason to be afraid of these animals? We will find out this week as we face our fears and use knowledge to make informed decisions about the dangers of sharks. Spend your week with us learning about some of the 500 species of sharks, making unique crafts and playing silly shark games. Don't miss out on this shark-tastic week! *Instructor: Jamie Ulkloss*

Sharpie's Un-cap the Possibilities

Sharpie's Un-camp the Possibilities camp will encourage young artists to dive into the limitless possibilities using permanent markers. The campers will learn how to use the Sharpies with a variety of techniques to create stunning masterpieces on a range of media. Campers will discover the versatility of Sharpie markers as they decorate and personalize everyday objects with intricate designs and vibrant colors. Using Sharpie markers, the campers will make coasters, tie dye shirts, headbands, bags, and hats. The campers will also make tin foil art pieces, and other creative images on plastic items for keepsakes. The use of Sharpie vibrant colors and dynamic compositions will reflect their unique personalities and styles by creating items for keepsakes. *Instructor: Joan Zalucki*

Teach Me How to Game!

Join us for an action-packed game camp where excitement meets teamwork! Kids will dive into unique sports like tennis racquet baseball, gaga, kickball, and many more games! Our campers will learn how to hone their skills, while fostering camaraderie and sportsmanship. Each day will be filled with fun games and friendly competition, helping campers learn the importance of collaboration and strategy. Whether you're a beginner or an experienced athlete, this camp promises unforgettable memories! *Instructor: Michael Newton*

Ultimate Escapes

This is a hands-on camp. Activities include exploring Tyler Park daily and a fishing day. Getting wet is part of the fun when hunting for critters in the creek. You'll also participate in exciting indoor and outdoor games and sports. Creating fun crafts such as mosaics, clay creations, painting, and more will keep us busy. Join us in the ultimate escape to summer fun! Please bring closed toe shoes for the creek. *Instructor: Ed Obert-Thorn*

WeDo Lego Robotics

Campers will build LEGO models featuring working motors and sensors. Using our WeDo software, campers will program their models to make their creations come to life! Throughout the week, campers will explore a series of theme-based activities while developing their skills in science, technology, engineering, and mathematics. *Instructor: Megan Naughton*

Whodunnit? Detective Camp

Who did it? Where did it happen? How? Solve mysteries and puzzles using your super sleuth skills. Create your own detective agency, learn tips from your favorite detectives, and practice asking the right questions to figure out WHODUNNIT! *Instructor: Staci Bickhardt*

YouTube Content Creators/Young Coders

YouTube Content Creators

Explore the variety of content and personalities that exist on YouTube and how to find your own niche. Learn the Dos and Don'ts of the platform and how to practice good digital citizenship. Develop your on-camera presence, your own channel branding, and professional editing skills. Take home a plan for launching your own channel with the content created in class. Camper projects will be available on a password protected Black Rocket website to share with friends and family. Campers will work in pairs or teams for most of the program.

Young Coders

Develop your skills as a young coder by exploring block coding, JavaScript, and Python concepts while making your own playable mini games. This introductory coding course is designed to get elementary-aged campers excited about technology through a series of hands on and engaging learning challenges. Camper created games will be available on a password protected Black Rocket website to share with friends and family. Campers will work in pairs or teams for most of the program. *Instructor: Black Rocket*

Ages 10-12 • Newtown Campus

All camps are Monday - Friday, 9 am - 3:30 pm unless otherwise noted.

Camps listed below will take place at:

Bucks County Community College, Newtown Campus; 275 Swamp Road, Newtown, PA 18940

Please see below for Ages 10-12 Camp Schedule and Pricing.

JUNE 16-20, 2025 (No Camp on June 19) WEEK 1

Lego Animation RCHYC 5031 C01 Price: \$298

Gannon Multi-Sports Camp RCHYC 6209 C01 Price: \$278

Environmental Explorers RCHYC 6283 C01 Price: \$288

Fabulous Fishing RCHYC 5614 C01 Price: \$278

JUNE 23-27, 2025 WEEK 2

Art Expressions RCHYC 5046 C02 Price: \$353

EcoArt RCHYC 6282 C02 Price: \$358

Intro to Film and TV RCHYC 6166 C01 Price: \$410

Flag Football RCHYC 6127 C01 Price: \$308

Lego Animation RCHYC 5031 C02 Price: \$358

Mock Trial 1 RCHYC 5724 C01 Price: \$323

Robotics and Rocketry RCHYC 5428 C01 Price: \$479

High End Hotel RCHYC 6163 C01 Price: \$348

Fabulous Fishing RCHYC 5614 C02 Price: \$338

Wilderness Exploration RCHYC 6205 C01 Price: \$338

JUNE 30-JULY 4, 2025 (No Camp on July 4) WEEK 3

Writing Workshop RCHYC 6286 C01 Price: \$298

Gannon Multi-Sports Camp RCHYC 6209 C02 Price: \$278

Flag Football RCHYC 6127 C02 Price: \$248

Environmental Explorers RCHYC 6283 C02 Price: \$288

Fabulous Fishing RCHYC 5614 C03 Price: \$278

JULY 7-11, 2025 WEEK 4

Creating Digital Music RCHYC 5037 C01 Price: \$318

Become a Chess Knight Intermediate RCHYC 6278 C01 Price: \$343

Comic Creations RCHYC 5068 C01 Price: \$348

Lego Animation RCHYC 5031 C03 Price: \$358

Musical Theatre 3-Week Camp 7/7-25/2025 RCHYC 5049 C01 Price: \$618

Art Expressions RCHYC 5046 C04 Price: \$353

Intro to 3D Printing and Modeling 2-Week Camp 7/7-18/2025 RCHYC 6231 C01 Price: \$450

Tennis and Tie Dye RCHYC 6236 C01 Price: \$363

Robotics and Rocketry RCHYC 5428 C02 Price: \$479

Mock Trial 1 RCHYC 5724 C02 Price: \$323

Fabulous Fishing RCHYC 5614 C04 Price: \$338

JULY 14-18, 2025 WEEK 5

Pickleball Camp RCHYC 6241 C02 Price: \$363

Through the Eras RCHYC 6290 C02 Price: \$358

Acting for the Camera RCHYC 6172 C01 Price: \$410

Lego Animation RCHYC 5031 C04 Price: \$358

The Great Debaters RCHYC 6016 C01 Price: \$323

Roblox Makers/Python Programmers RCHYC 6289 C02 Price: \$479

Fiber Arts 2 Camp RCHYC 6296 C01 Price: \$358

Fabulous Fishing RCHYC 5614 C05 Price: \$338

JULY 21-25, 2025 WEEK 6

Flag Football RCHYC 6127 C03 Price: \$308

Creating Digital Music RCHYC 5037 C02 Price: \$318

Lego Animation RCHYC 5031 C05 Price: \$358

Intermediate 3D Printing and Modeling 2-Week Camp 7/21-8/1/2025 RCHYC 6253 C01 Price: \$450

Mock Trial 2 RCHYC 5725 C02 Price: \$323

Gannon Multi-Sports Camp RCHYC 6209 C03 Price: \$338

YouTube Content Creators/Young Coders RCHYC 6272 C02 Price: \$479

Fabulous Fishing RCHYC 5614 C06 Price: \$338

JULY 28-AUGUST 1, 2025 WEEK 7

Minecraft Architects RCHYC 6257 C01 Price: \$343

Decathlon and Track Camp RCHYC 5617 C02 Price: \$353

Intro to Film and TV Camp RCHYC 6166 C03 Price: \$410

Jazz Camp RCHYC 5035 C01 Price: \$323

Flag Football RCHYC 6127 C04 Price: \$308

Tennis and Tie Dye RCHYC 6236 C02 Price: \$363

Roblox Coders/Video Game Animation RCHYC 6293 C02 Price: \$479

Fiber Arts 2 Camp RCHYC 6296 C02 Price: \$358

Fabulous Fishing RCHYC 5614 C07 Price: \$338

Wilderness Exploration RCHYC 6205 C02 Price: \$338

AUGUST 4-8, 2025 WEEK 8

Minecraft Architects RCHYC 6257 C02 Price: \$343

Become a Chess Knight Intermediate RCHYC 6278 C02 Price: \$343

Crochet Club RCHYC 6295 C01 Price: \$358

Jazz Camp RCHYC 5035 C02 Price: \$323

A.I. Adventures/Make Your First Video Game RCHYC 6274 C02 Price: \$479

Fabulous Fishing RCHYC 5614 C08 Price: \$338

Acting for the Camera Camp

**Campers work in teams and learn both in front and behind the camera learning various roles for show-creation. Green screens are used behind them to allow the projecting of cool graphics onto the background. For this reason, campers are urged not to wear green attire.*

This camp is perfect for the aspiring young 'actors' in your household. It is here they will learn real auditioning skills by working with scripts for commercials and film readings. Your camper will learn how to personalize characters and follow directions, block for camera, and read with their 'co-stars'. Voiceover will also be introduced.

Bucks County Community College • bucks.edu/kidsoncampus

Improvisation and ad-libbing (off the script) will be taught as a basis of making acting choices and trusting their instincts. A huge benefit of this camp is increasing memory, reading skills and confidence. Included in this camp is a take-home tutorial showing you ways to find acting jobs as well as a list of legitimate talent agencies.

Materials Campers need to bring each day to camp: A notebook, pen, and pencil.

After camp, all footage is sent to a professional editor. A digital film will be emailed to you. Allow up to 3 months editing. Instructor: Wickline Casting Company

Ages 10-12

A.I. Adventures/Make Your First Video Game

See description in Ages 7-9 section.

Instructor: Black Rocket

Become a Chess Knight Intermediate

This camp focuses on key strategic, tactical, and positional principles of the game. Campers practice 3 and 4 move checkmating patterns, learn thematic concepts and theory of chess openings, and learn how to evaluate the game of chess through motifs such as material, king safety, and piece activity. Campers are also introduced to basic endgame principles and the relationship of opening theory to middlegame play. Famous instructional games are shown to illustrate key tactical and positional concepts and students also learn how to improve through analysis incorporating chess engines. Campers are shown random positions and taught how to evaluate them based on common chess principles and improve their tactical vision through puzzles. *Instructor: Jared Groder*

Comic Creations

**For each day of camp, campers will experience some instruction and examples before going off to work independently or in a group. This camp is designed to give campers as much lab time as possible to work on their creations.*

Making comics! Over the course of this camp, campers will develop a story, create characters, learn about writing dialogue, inking, adding color, creating panels, speech bubbles; and finally make their own short comic strip and/or create the beginning of their own comic masterpiece. Please note this is not a "learn to draw" camp. *Instructor: Kris Fontes*

Creating Digital Music

This course will help students understand how music can be created digitally with the use of audio loops and MIDI. GarageBand software will be used to compose musical works. Please bring headphones with 1/8" and 1/4" adapters. *Instructor: John Sheridan*

Crochet Camp

Let's grab our favorite colors and create some magic with yarn! This camp is beginner and intermediate friendly. We will be going over basic supplies, techniques and learning how to read patterns. We will make functional items, decor and stuffed animals! *Instructor: Sharon Kulik*

Decathlon and Track Camp

See description in Ages 7-9 section.

Instructor: Steve Harnish

EcoArt

See description in Ages 5-6 section.

Instructor: Sharon Kulik

Environmental Explorers

***Campers must dress for the weather, as we will go outside each day. Pack plenty of water, sunscreen, and a hat or sunglasses to be prepared.*

Calling all nature lovers! During this camp, you'll get to explore the great outdoors. Whether in the creek, in the woods, or on the college's beautiful campus, campers will learn about the environment around them. Campers will participate in hikes and exploration activities throughout the week. *Instructor: Amanda Gaughan*

Fabulous Fishing

Fishing is a quintessential summer activity, and we'll show you everything you need to know to get started in the hobby or take your fishing to the next level! Our activities will be based in Tyler State Park, which offers an exciting variety of fish species to target and several excellent locations to do so. Throughout the week, we'll also develop various important skills that all fishermen can benefit from, including rod and gear maintenance, choosing the right tackle for your target fish, fishing safety and etiquette, and more! All skill levels are welcome, and while we encourage campers to bring their own gear if they have it, gear/tackle will be provided if necessary. We will be outside for the majority of each day, so good outdoor shoes, clothing, and water bottles are highly recommended. Bring rain gear if conditions merit it. *Instructors: Evan Black and/or Harrison Black*

Fiber Arts 2 Camp

This camp is designed to expand on basic skills related to the fiber arts. Campers will spend the week experiencing activities that include weaving, cross-stitch, and basic sewing skills both by hand and on a sewing machine. Campers will use this skill set in each area to produce treasured crafts to take home, such as wall hangings, tote bags, keychains, aprons, and a sewn stuffie. Don't miss out on the fun! *Instructor: Karen Mummy*

Flag Football for Ages 10-13

Flag Football Camp will focus on building basic football fundamentals in a positive environment. Led by an instructor with 26 years coaching experience on the college level, we will teach the fast-paced game of flag football in a fun and safe way. This camp is a great opportunity to try all positions, learn football strategy, develop skills, and gain confidence. We will conduct every drill and competition with an emphasis on being a great teammate! All skill levels are welcome and encouraged! No Cleats required. *Instructor: Brian Flinn*

Gannon Multi-Sport Camp

Campers will enjoy a variety of sports and activities throughout the week. There will be four different activities/sports played daily in small groups. Campers can experience the fun of playing outdoors, depending on the weather. *Instructor: Michael Gannon*

High End Hotel

**Campers will be exploring the amenities of the college for inspiration, so please be sure they wear good walking shoes and bring plenty of water each day.*

Design your own high-end hotel! Will you have a waterpark, spa, or obstacle course? Throughout the week campers will work to design their own high-end hotels. They will develop business plans, sketches, marketing materials, and create models. *Instructor: Amanda Gaughan*

Intermediate 3D Printing and Modeling Camp

**This is a 2-week camp – July 21-August 1, 2025* Have you ever wanted to create a secret box that looks like something else or an articulated model of your pet? This course is a continuation of Introduction to 3D Printing and Modeling, though taking both is not required. Campers will learn basic and intermediate principles of 3D modeling using the open-source online software Tinkercad. This course will help campers enhance their engineering design skills and learn about the prototyping process as they design an

articulated or multi-part 3D model that they will print, assemble, and get to take home with them by the end of the course. 3D printing something functional is not only exciting and rewarding, but helps students learn about one of the latest technologies in the STEM field!

Instructor: Hannah Smith

Intro to 3D Printing and Modeling

**This is a 2-week camp - July 7-18, 2025*

Have you ever wanted to be able to create your own action figures from your favorite TV show or movie, or create an articulating model of a cute baby octopus? This introduction to 3D printing course teaches campers how to create their very own 3D plastic models. Campers will learn the basic principles of 3D modeling using the open-source online software Tinkercad. This course will introduce campers to introductory engineering design skills and provide hands on experience with one of the latest technologies in the STEM field. Campers will get to design their own model, print the model, and take it home with them by the end of the course. 3D printing is not only a fun experience, but it is also educational! *Instructor: Hannah Smith*

Intro to Film and TV Camp

**Campers work in teams and learn both in front and behind the camera learning various roles for show-creation. Green screens are used behind them to allow the projecting of cool graphics onto the background. For this reason, campers are urged not to wear green attire.*

Your camper will work as cast and crew teams in this innovative cool camp. Campers are taught the basic levels of acting, directing, voice-over, operating the camera and working on green screen. Script writing, storyboarding and improvisation will also be introduced. Each day is different as they create projects such as commercials, film scenes, music videos and public service announcements. A huge benefit of this camp is increasing memory, reading skills and confidence.

Materials Campers need to bring each day to camp: A notebook, pen, and pencil.

After camp, all footage is sent to a professional editor. A digital film will be emailed to you.

Allow up to 3 months editing.

Instructor: Wickline Casting Company

Jazz Camp

**Prerequisite: Campers must be proficient in how to play the instrument that they bring to camp. Instruments are not provided; campers must bring their own.*

This is a one-week intensive session in which jazz theory, history, and practical application are combined in an ensemble format that is both fun and instructive. Any and all instruments are welcome! *Instructor: John Sheridan and Mark Pultorak*

Lego Animation

**For each day of camp, campers will experience some instruction and examples before going off to work independently or in a group. This camp is designed to give campers as much lab time as possible to work on their creations.*

In this dynamic week of camp, campers will create their own stop motion films from scratch, using Lego bricks! The instructor will be there every step of the way, helping you create your very own stop motion video! You will learn the animation process; create a workspace, develop a story, build a set, and shoot a stop motion

animation using a smartphone/iPad, the app, Stop Motion Studio Pro! and Lego mini-figs.

Campers will need to bring their own Legos. Campers will be responsible for their own Lego sets and will not be sharing them with other campers in this camp. *Instructor: Amy Migliore*

Minecraft Architects

Have you ever wanted to impress your friends with some EPIC Minecraft building skills, but don't know where to start? Here at Minecraft Architects, campers will enter a collaboratively built Minecraft world with their fellow campers to learn about different kinds of architecture and how to replicate it in Minecraft! Campers will be expected to be able to sign into their own Minecraft account if they have one. (Minecraft account suggested but not required) *Instructor: Ben Blumenfeld*

Mock Trial 1

**This camp is structured like a class at school. Campers will research, work in groups, and complete readings in preparation for the Mock Trial at the end of the week. Recommended for participants who are interested in law.*

Campers learn about the court system. They are taught trial skills such as opening statements, closing argument, direct and cross examination of witnesses, and how to get things into evidence. During the week, they role play as attorneys and as witnesses and the week culminates in a Mock Trial for a Jury of their families. *Instructor: Diane Rice*

Mock Trial 2

**Prerequisite: Campers need to have taken Mock Trial 1 before taking Mock Trial 2*

***This camp is structured like a class at school. Campers will research, work in groups, and complete readings in preparation for the Mock Trial at the end of the week. Recommended for participants who are interested in law.*

Campers will use the basic trial skills that they learned in Mock Trial 1 and add to them, by learning how to qualify an expert and how to introduce archival documents into evidence. They will research the historical topic selected for the trial and will write witness statements for each witness as well as an "expert" historian. On the last day of camp, they will present the trial to a jury. *Instructor: Diane Rice*

Musical Theatre 3-Week Camp for Ages 11-14

**3-Week Camp that starts on July 7 and ends on July 25.*

***Auditions are held on the first day of camp. If your camper misses the first day of camp, then your camper will be assigned a remaining part for the play.*

****Due to the licensing contract of the play, we are unable to live stream and/or have limited access of the play on Zoom. This is a live performance only. We apologize for any inconvenience this may cause.*

A more advanced Musical Theatre Camp for campers that have a desire to perform onstage. Campers will learn to sing, act, and dance. A full-length Junior/Youth Musical will be performed. There will be two performances on the final two days of camp. Auditions will be held on the first day of camp. The music for the play will be rehearsed in the mornings and the dancing and staging will be in the afternoons. This Summer's performance will be The Little Mermaid, Jr. *Instructors: Katie McCauley, Sydney Black, Marissa Cohen*

Ages 10-12

Pickleball Camp

See description in Ages 7-9 section.
Instructor: Steve Harnish

Roblox Coders/Video Game Animation

See description in Ages 7-9 section.
Instructor: Black Rocket

Roblox Makers/Python Programmers

See description in Ages 7-9 section.
Instructor: Black Rocket

Robotics and Rocketry

Step into the robotic and rocketry world while building a basic robot and beginner rockets. This camp will be filled with discussion of past, present, and future robotics and rocketry. Science fiction is discussed to show that without it, the advances in technology would be difficult. With this hands-on course, the history and future of robotics and rocketry is at your fingertips. *Instructor: Brad Monti*

Tennis and Tie Dye

Spend your morning learning and playing tennis and your afternoon expressing your creativity through tie dye! Be sure to wear sneakers, bring water and a positive attitude!
Instructors: Maria Beck and Fred DiChiara

The Great Debaters

*This camp is structured like a class at school. Campers will research, work in groups, and complete readings in preparation for the debate at the end of the week. Recommended for participants who are seriously interested in learning the proper skills and etiquette for debating.

Campers learn different types of debate forms (Lincoln Douglas, Parliamentary, etc.) as well as how to research, validate and present their positions in order to be successful in the debate process. Over the course of the week, they will be taught and will practice persuasive speaking skills, as they learn the different techniques of debate. On the last day of camp, the campers debate their topics in front of an audience. *Instructor: Diane Rice*

Through the Eras

Calling all swifties! Join us for a week as we learn about the different eras of Taylor Swift. Each day we will be exploring an era and participating in themed activities, along with creating a variety of crafts related to that era. We will also be talking about other influential women in music throughout the week. Wear green or yellow on the first day of camp for debut and fearless. *Instructor: Sharon Kulik*

Wilderness Exploration

It may feel like you need to travel to far off, exotic places to have incredible experiences with wildlife, but that is not the case! Learn about the staggering diversity of species found right in your own backyard through hands on activities, real scientific methods, and lots of outdoor exploration! Good outdoor shoes, clothing, and water bottles are highly recommended, as we will be exploring nature for real. Bring rain gear if conditions merit it.
Instructors: Evan Black and/or Harrison Black

Writing Workshop

This camp takes a dive into the world of writing. We will work on character development, storyline and plot and finish the week with a children's book of our own making. We will be doing other activities to further our writing such as poetry workshops and inspiration activities. Let's dive into our imaginations together! I can't wait to read what you write.
Instructor: Sharon Kulik

YouTube Content Creators/Young Coders

See description in Ages 7-9 section.
Instructor: Black Rocket

TEENS ON CAMPUS

Summer Adventure is here at Teens on Campus for Ages 13-15!

Join us in a variety of exciting activities!

For each program, the materials fee has been included in the program's price.

Please see below for Teens on Campus schedule, RCHYC registration numbers and pricing

**Keep checking the website as it gets closer to summer for exciting new Teen Experience offerings.*

JULY 7-11, 2025 WEEK 4

Through the Eras RCHYC 6290 C01 Price: \$358

JULY 21-25, 2025 WEEK 6

Intro to Film and TV Camp RCHYC 6166 C02
Price: \$410

Please check our website at bucks.edu/kidsoncampus as we continue to add more exciting Teens on Campus Programs for Summer 2025.

Kids On Campus 2025

General Information

Kids on Campus offers specialized camps whose structure mirrors a classroom at school. Some camps may experience long periods of either independent and/or group work. Various other camps may work in a variety of age and camp theme appropriate movies, shows, and/or clips for campers to watch throughout the week of camp. Each camp is different, and we encourage you to talk with the camp instructor about the camp at morning drop off and/or afternoon pick-up of campers during the summer.

Please be sure to pick the right camp for your camper that is the correct age group and appeal. The camper's age as of June 1, 2025, will determine which age group the camper may register for camps during the summer.

Kids on Campus Office hours are Monday-Friday, 8:30 am-4:30 pm.

Registration Summer Office Hours are Monday-Thursday, 8:30 am-4:30 pm.

Camper Drop-Off and Pick-Up Location
All Camps are located at the Newtown Campus, unless otherwise stated.

From the Newtown Bypass, drive past Tyler State Park Entrance onto Swamp Road to a traffic light. Make a left at this traffic light to enter the college campus at the EAST GATE. After turning left, continue straight ahead to lower Parking Lot 'S4' (Student Parking Lot 4) and turn right into the parking lot. **Please park your vehicle and escort your child to the Tent Check-in/out area.**

Parents and Guardians are to drop-off and pick-up their campers at the Newtown Campus's Student Parking Lot 4 each day.

If your camper is late or needs to be picked up early, then you are to drop-off/pick-up at the Kids on Campus Office located upstairs in Cottage 3.

Food Services

All Campers are required to bring their own packed lunch each day to camp.

If a camper forgets his/her lunch, then we will call the parent/guardian who must bring a packed lunch for the camper. We are unable to provide a lunch to campers who forgot to bring their lunch and it is the parent/guardian's responsibility that the camper has a lunch each day for camp.

In your camper's lunch, please make sure to pack extra water, snacks, and utensils.

After Care Program

After Care costs \$250 per week

After Care Hours – 3:30 pm to 5:30 pm

Parents/Guardians must register their camper for After Care the Monday before camper's camp begins. Campers who are enrolled in the

After Care Program will be taken to After Care at the end of the regular camp day. The After Care Program is located in the Solarium Room in the Rollins building on campus. Parents/Guardians must show Photo I.D. when picking up their camper.

Parents/Guardians must talk with the After Care Leader for any issues and/or concerns that occurred during After Care hours.

Weather Policy

Rainy/Inclement

If rain is expected on any camp day, please be sure your child has a raincoat and/or umbrella since he/she will be walking to and from Lot "S4." The Pavilion will provide shelter during inclement weather while all children are arriving for camps or waiting for pick-up. Please be patient; this can take a little longer than usual.

Outdoor activities will be held indoors during inclement weather.

Hot Summer Days

Outdoor camps will do their best to stay cool during the day.

Due to the nature of some outdoor camps, they will be outside all day, but will stay in the shade and encourage the campers to drink and refill their water bottles throughout the day.

Other outside camps will be going outside during the morning but will be back in the classroom during the afternoon heat.

In general, our camps will have outside recess and/or conduct outside activities during the summer, unless there is stormy weather where they will need to stay inside to conduct their activities.

We highly recommend campers bring with them extra water, hat, and sunscreen they can self-apply during the hot summer weeks.

Child Abuse Reporting Policy

Kids on Campus takes camper safety seriously and everyone who works with children are Mandated Reporters. If we see and/or hear about a camper who is abused and/or there is a cause for concern about abuse, by law we must report the incident to Child Line Services. Once we make the report, it is up to Child Line Services to determine what actions will be taken. Please do not direct anger towards us for reporting. Kids on Campus is only looking out for the safety and well-being of all our campers.

Bucks County Community College's Diversity Policy

Kids on Campus and Bucks County Community College are dedicated to providing diversity, equity, and inclusion in the classroom and camps we offer. We ask that all visitors and campers are mindful and respectful to each other while on and off campus.

Camp Cancellation Information

- Please make sure you register early to help avoid camp cancellations.
- The week before a camp is scheduled to run, we look at the enrollment numbers and will make a final decision if a camp has enough registrations to run. If we need to cancel a camp due to low enrollment, our Registration Office will notify you. We apologize in advance for any inconvenience this may cause.
- If we need to cancel a camp for any reason, we will make every attempt to place your camper in another camp. Otherwise, we will give you a full refund for the camp we cancelled.
- If you decide to move your camper to another camp and that camp has a higher price point than the camp we cancelled, you will need to pay the difference. This is due to the camp supplies fees that are included in the price of the camp.
- If you decide to move your camper to another camp and that camp has a lower price point than the camp we cancelled, we will refund you the difference.
- If you have any questions, please call our Registration Office at 215-968-8409.

Program Refund Policy

Registrations per camp are limited.

Please be sure to pick the right camp for your camper that is the correct age group and appeal. Once your camper is registered for a camp, then your camper must stay with that camp for the rest of the week.

There is a \$35 non-refundable fee for any cancellations. Refunds (less \$35) will be made ONLY when you notify the Continuing Education Office AT LEAST SEVEN (7) DAYS before the first day of the program.

There is a \$75 non-refundable fee for any cancellations and/or camper transfer out of a Mad Science Instructed Camp.

If you have paid by check, your refund will arrive in three weeks. Visa, MasterCard, American Express or Discover Card payments will be credited to your account.

If you need to cancel a camp for any reason, please call the Registration Office at 215-968-8409.

Emergency

If an emergency occurs, and you need to notify your child, please call the Office of Continuing Education at 215-968-8409 or 215-968-8016. We will contact your child. **We discourage the use of cell phones during our camp day as it is disruptive to the camp program.**

Bucks County Community College also provides a free emergency text alert to notify if there are unexpected closings due to weather, power outages, or an unsafe situation on campus. To sign up for the service that will send a message on your phone please text BucksCamp to 79516.

Medical Information

- Prior to attending camp, an emergency card will be sent in the Camp Welcome Packet. The Emergency Card can also be found on the Kids on Campus website. Please fill out the emergency card and return it to Kids on Campus. The emergency card information is for our nursing staff.
- If you did not receive a Camp Emergency Card, please contact the Registration Office at 215-968-8409 and they will be able to send you the form. We also have the forms on our Kids on Campus website under Camp Information.
- **No emergency medication will be accepted and administered without a Care Plan from a physician.**
- **The Action Care Plan, Medication, and Permission to Administer Medication form must be handed to the Nurses on Monday morning.**
- The College does not provide insurance for possible injury during the sessions. Participants should be prepared to show that adequate coverage has been obtained from other sources.
- If a camper is sick the morning of or the night before camp, especially with a fever, please keep camper home to recover for at least 24 hours.
- If a camper is sick during the day, it is the nurse's responsibility, not the camper's, to contact the parent/guardian of the camper to pick the camper up.
- Kids on Campus staff reserve the right to decline entry for any camper who looks and/or sounds unwell.
- All injuries, illness, or emotional related incidents are to be referred to the nurse first. The nurse will assess the situation and, if necessary, contact additional resources for assistance.
- The nurse will determine if:
 - Camper's parent/guardian is to be called
 - Camper is okay to return to the group but will be observed by the camp instructor and if the camper is still complaining will be taken back to the nurse
 - If a camper is deemed not fit to return to camp for any reason, the parents/guardians must pick camper up and take camper home.
- Your child may NOT carry medication at camp without a specific doctor's order to do so (ex. Inhalers, insulin, epinephrine, etc.) The nurses must see the note and medication. Otherwise, the nurse will hold all medications.
- Every Monday, please see the nurses at the tent with all medication and documentation.
- You must have the prescription label on the medication and action plan. Also, please check expiration dates.
- Every Friday, you must see the nurses to pick up your child's medication.
